21st	Chester B. Gove, Warden Precinct 1, to fill vacancy
December 26th	Albert N. Kimball, Election Officer, Precinct 2

**REPORT OF THE SELECTMEN  
and Sewer Commissioners**

**Organization**—Charles P. Roundy, Chairman; Willis D. McLean, Clerk; Thomas B. Ahearn, David W. Kelley, William F. Sline, Sr. The following Committees were appointed by the Chairman: Roads and Sidewalks: Thomas B. Ahearn, William F. Sline, Sr. Health, Water and Public Buildings: Willis D. McLean, David W. Kelley. Welfare and Sewers: Charles P. Roundy, William F. Sline, Sr. Fire Department: Willis D. McLean, Thomas B. Ahearn. Police Department: Charles P. Roundy, David W. Kelley.

**Finances**—The total net bonded debt at this date is \$406,000.00 a net reduction from last year of \$28,500.00. Maturities of \$67,000 were paid and additional indebtedness of \$38,500. incurred of which \$36,000 was borrowed for three years for sewer and highway construction under a P.W.A. project and \$2,500. for one year for material and supplies for W.P.A. projects. Outstanding short term loans in anticipation of revenue are \$100,000, a decrease of \$50,000 from this date last year. Due to the favorable money market conditions prevailing, the last short term loan was negotiated at one-quarter of one percent per annum, the lowest rate at which the town has ever borrowed.

The Excess and Deficiency account which serves as a reserve against uncollected taxes, shows a credit balance of \$105,523.65, an increase of \$26,199.48 from last year, but is still below the total of uncollected taxes which amount to \$133,510.23. The uncollected taxes show a reduction of \$73,252.76 from last year. The taxes outstanding comprise approximately 20% of the 1935 levy and 7% of the 1934 levy, an improvement over last year when the comparative percentages were 30% and 13% respectively. It is evident, however, that the tax burden is still difficult for many of our taxpayers, as the uncollected taxes are assessed principally against home owners.

**Valuations**—Assessed valuations at the close of the year after giving effect to abatements, are approximately \$13,800,000. This figure shows a decrease of approximately \$500,000 from the valuations as made by the Board of Assessors and is indicative of the unsound values against which tax rates have been fixed in recent years. The abatements have increased the overlay deficit to about \$28,000 which, if included in next years tax levy, as seems probable, will result in an increase in the tax rate of approximately \$2.00. The granting of the large abatements referred to suggests the need for further study to bring assessments more nearly in line with current cash values,

particularly on dwellings. A favorable situation is the construction during the year of twenty-one new houses. This is most encouraging and indicates that this type of construction may continue for the next few years, provided it is not retarded by burdensome taxation.

During the year, the Town has lost another industry, the Multi-bestos Company's business having been sold and the real property disposed of. In last year's report of the Selectmen, attention was called to this situation. The loss of an industry to a Town is serious at any time. It is particularly serious now. It is hoped, however, that the new owners of the property will put it to productive use early next year.

**Reserve Fund**—Transfers from this fund, as authorized by the Appropriation Committee, were as follows:

East Street Rebuilding .....	\$3,500.00
W.P.A. Administration and Material .....	537.98
Police Expenses .....	420.00
Fire Dept. Firemen's Services .....	328.50
Snow Removal .....	300.00
Fuel, Public Buildings .....	300.00
Forest Fires—Firemen's Services .....	208.00
Selectmen's Expenses .....	104.00
Forest Fire Expenses .....	50.00
Care of Beacons .....	50.00
Appropriation Committee .....	43.49
General Engineering .....	40.00
Accountant's Expenses .....	35.00
Treasurer's Expenses .....	35.00
Town Clock .....	10.00
<b>Total</b> .....	<b>\$5,961.97</b>

**Jury Service**—The following jurors were drawn during the year:

William F. Smith, Albert Larkin, Joseph L. White, John E. Manning, Stanley B. Allen, Joseph Lamore, Willis Kelley, John Kannally, John L. Walsh, Maurice Ahearn, Leroy Spear, Allan Burns.

**Street Lighting**—The reduced appropriation voted at the Annual Town Meeting necessitated further curtailment in street lighting. This was effected by taking out of service three boulevard lights and reducing the candle power of those remaining from 1500 c. p. to 1000 c. p. It did not seem desirable to eliminate additional lights on the outlying highways and with the consent of the Appropriation Committee these were continued unchanged from the previous year resulting in an over-draft in the street lighting account of \$49.65 which was provided by transfer. The number of street lights in operation and discontinued at the close of the year are as follows:

	No. Lights in service	Cost all night	No. Lights discon- tinued	Saving on lights discon- tinued
80 c.p.	470	\$9,635.00	184	\$3,772.00
100 c.p.	11	255.75	2	46.50
250 c.p.	5	195.00	0	—
1000 c.p.	41	3,095.50	4	302.00
	<hr/> 527	<hr/> \$13,181.25	<hr/> 190	<hr/> \$4,120.50

The annual saving in reducing the candle power of the boulevard lights is approximately \$365.00. We recommend continuance of the present program with the possibility of installing lights at the intersections of Moosehill Road and the super-highway, also at High Plain Street and the super-highway. A serious hazard exists at these locations which we believe would be benefited by street lights.

**Board of Appeals**—The following permits were granted:

January 31, 1935—Nelson Philips, 520 Common Street.

To change single family to two family dwelling.

January 25, 1935—Peter Silvia, 29 Maple Street.

Alteration to an existing dwelling.

March 21, 1935—Mrs. Bertha E. Poore, 136 Union Street.

Alterations to a two car garage.

April 4, 1935—Mrs. Julia M. Karol, 104 Main Street.

Alteration to an existing building.

May 2, 1935—H. Maynard Gould, Washington Street.

Addition to an existing garage.

May 16, 1935—James E. Leard, Main Street.

Addition to an existing garage.

November 14, 1935—Fred C. Browne, Main Street.

Addition to an existing garage.

**Welfare Relief**—This continues our most difficult problem. Federal Government relief to municipalities continued under the Emergency Relief Administration until about November 1st and since then under the Works Progress Administration. Both plans are essentially the same except that under the Works Progress Administration more stringent rules were made governing the eligibility of those who may receive work. Payment of the relief wages is now centralized in Boston as is the supervision of projects. We believe the administration of Federal Relief should be simplified with more authority given to local governmental units as to who should receive assistance. The number receiving assistance from the Federal government and from the Town's Welfare Department remains about the same as at the close of last year with approximately 1000 individuals receiving relief directly or indirectly which represents approximately 13% of our population. A statement of the work done and expenditures made for work relief projects is included in the report

of the Town Engineer. From this report and that of our Welfare Department, it should be noted that Welfare aid has required an expenditure by the Town of \$60,000.00 to which should be added \$80,000.00 paid by the Federal Government in relief wages, or a total of \$140,000.00.

**Sewers**—Further development of the sewer system has continued as shown by the report of the Town Engineer and Supt. of Sewers. Upon completion of the Public Works Administration Project 1179 in East Walpole, contract for which has been awarded, we believe no additional construction should be done for the present, except such laterals as may be specifically petitioned for and which can be done under Works Progress Administration projects or from receipts of the Sewer Department.

**Conclusion**—During the year forty-six regular and nineteen special meetings have been held. Administrative problems, especially in connection with the Federal Government relief programs continue to become more difficult and complex, requiring an increasing amount of time and attention.

Following this report are the detailed reports of the various departments, Town Officers and Committees with the usual statistics and records.

CHARLES P. ROUNDY  
WILLIS D. McLEAN  
THOMAS B. AHEARN  
DAVID W. KELLEY  
WILLIAM F. SLINE, SR.

Dec. 31, 1935.

Selectmen and Sewer Commissioners.

**REPORT OF THE TOWN ENGINEER  
AND SUPERINTENDENT OF SEWERS**

**To the Board of Selectmen:**

I submit herewith my report as Town Engineer and Superintendent of Sewers for the year ending December 31, 1935.

The past year has been very interesting and required considerable planning to co-ordinate our relief work with that of our regular departments in order to secure the best results possible for the Town.

**Highway Department**

Curtailment of work was necessary in this department due to a reduction of \$3,600 from the amount requested. However, we have maintained most of our roads to a high degree but have been obliged to neglect some of those in the outlying sections.

Grants were secured from the Commonwealth for highway purposes under Chapter 90 of the General Laws as follows:

\$3,025.00 for the construction of East Street,

6,290.00 for the construction of Washington Street,

from the Neponset River to Short Street.

The town appropriated \$3,000.00 for East Street and \$7,400.00 for Washington Street.

East Street consists of bituminous macadam and was constructed 24' wide from Elm Street to Main Street and 30' wide from Main Street to School Street. All sewer connections and water service pipes on this street were renewed and carried to the street line.

Washington Street consists of the same type of construction, 24' wide, built by the Middlesex Construction Co., of Framingham under contract. All sewer and water service connections were performed under the E. R.A.

Both of these constructions had proper drainage provided under the E.R.A. project and these roads should give good service for a long time to come.

An additional sum of \$3,704.49, our share of the so-called Curley \$13,000,000 Bond Issue, has been approved by the State for the construction of East Street from the end of the present new construction to a point approximately 200' east of Diamond Street. This work, however, will have to wait until the sewer lateral is completed on this street.

Funds under Chapter 90 have been requested for 1936 to carry East Street construction further toward East Walpole and I hope to see this street completely rebuilt to Plimpton Street during 1936.

June Street was rebuilt after the sewer construction under an E.R.A. project. The type of construction employed was tar and

gravel with a non-skid surface. New curbs were added and the surface tarred from curb to curb. Willow Street was rebuilt and widened after the drainage under E. R. A. funds was completed.

Stone Street from Main to School Street was also rebuilt under E.R.A. money following the sewer construction. The surface is bituminous macadam from curb to curb. Additional drainage was also provided.

Considerable patching was done in the early spring and the following streets resurfaced: Neponset Street its entire length; Park Lane from Coney Street 300' southerly; Pleasant Street from Moose Hill Road to approximately 300' southwesterly from Coney Street; Gould Avenue the entire length; East Street from the Walpole Woodworkers to Short Street and about one-half mile on North Street from Brook Street northerly. In this Department there was 9,000 linear feet of roads re-built and 19,000 linear feet re-surfaced.

Our crushing plant operated as usual with a large production of sand for surface treatment and icy pavements as well as stone for highway surface. A large quantity of this stone is available for next year's requirements.

As we have obtained the old gravel pit on South Street and due to the lack of available material in the present pit, it would be advisable to move our crushing plant from the present location to the new pit. An article is to be inserted in the annual town meeting warrant for this.

Snow removal was a serious problem this year due to the abnormal fall and the severity of the weather. Our equipment is in fair condition but, as stated before, if our outlying roads are to be cleared the replacement of the old tractor plow is necessary. A new Baker plow was purchased for our new one and one-half ton truck.

The equipment in the Highway Department is in good condition. The replacement of the old 1925 Mack with a new White 5 ton truck has aided us considerably this year.

#### **Tree Department and Insect Pest Extermination**

During the past season considerable damage to the foliage of our elm trees incurred. This was due to the Elm Leaf Beetle and repeated defoliation by this insect over a period of a few years lowers the vitality of the tree and may cause its death if the infestations are severe enough and are not properly checked. Elm trees of low vitality become breeding purposes for the elm bark beetles which are known to be carriers of the Dutch Elm disease. It is evident that any measures which will keep the elms in a healthy condition will be a big step towards reducing this pest population and aid in our fight against the Dutch Elm disease. The browning and death of the

leaves which follow attacks of this elm leaf beetle may be checked by careful spraying measures as soon as the elms have reached their full foliage in June.

With approximately 90 miles of road and trees on both sides of these roads, the appropriation of \$300.00 for tree work and \$1,500.00 for insect pest extermination is insufficient to properly combat the various pests in town.

Considerable creosoting of moth nests was done by town and relief workers but this should be followed in the spring by spraying and I have asked the Federal Government for a project to aid us in this work.

New trees were added to our nursery again this year and we have about 600 trees available for replanting.

Our Town Forest and Game Preserve was patrolled as in previous years and a careful watch maintained against fire and vandalism.

### Repairs to Public Buildings

This important department has required much time and before any major repairs were started a joint meeting of the School Committee, Board of Selectmen, the Superintendent of Schools and myself was called and a definite program defined. The following repairs were made under this program.

- Roof repairs at the Stone School
- Roof repairs at the Bird School (Partly completed)
- Emergency exit at the Stone School
- Electric illumination at the Plimpton School (Partly completed)
- Weather stripped windows at the Fisher School
- Painting outside of the Boyden School
- Installed water feeder at Boyden School
- Relocated water feeder at the High School
- Installed radiator in High School Library
- Weather stripped windows at Plimpton School
- Sound proofed one ceiling in Manual Training Room
- Installed heating coil at the Stone School
- Installed lavatory in Nurse's room at the Stone School

We also repaired the heating system in the Town Hall to some

extent but additional repairs are needed.

### Health Department

The duties of this department continued under the faithful and efficient guidance of Dr. William H. Maguire. With full recognition of the value of public Health requirements we are indeed fortunate to have an officer of the qualifications possessed by Dr. Maguire. His detailed report will be found elsewhere in this report.

### **Purchasing Department**

The duties of this department were increased this year due to the large quantity of supplies required to carry on our work relief program under Federal Regulations. Careful canvassing of various dealers, with due consideration to our local merchants, resulted in great savings during the year. As a municipality is dedicated to the general tax paying public as a whole, and not to any one individual taxpayer, the policy of this department is plainly defined and I have endeavored to adhere strictly to it regardless of some complaints.

### **Water Department**

This department operated to some extent as part of our work relief program. Service pipes on the streets reconstructed were renewed to the street line and twelve hydrants were individually gated. At the end of my report will be found a hydrant data list showing all hydrant locations, their number, the pounds pressure at each hydrant as well as whether the hydrant is individually gated or not. This is a revision of the list published in the 1931 report. Twelve hundred and fifty linear feet of 6" water main was installed under W.P.A. on Pemberton Street from its old end northwesterly by the residence of Mr. Herbert Ellison.

The large 1,000,000 gallon standpipe erected in 1931 received a coat of paint on the outside early in the year.

Due to the increase in building this year twenty-four new services were connected to our system.

During the year final payment was made on the West Walpole and North Walpole water Bonds leaving only \$7,000.00 yearly payable in Water Issue Bonds from 1936 to 1940, and \$5,000.00 yearly from 1941 to 1948. This places the department on a self supporting basis resulting in a decrease in the tax burden.

The equipment of the department is in excellent condition and appears to be sufficient for the coming year. Our total output of water from the station was 388,820,000 gallons, a decrease of 5,624,000 over that of 1934.

### **Emergency Relief and Works Progress Administration**

The Emergency Relief program was abolished in November and the Works Progress Administration took its place. Under this new program no person is allowed to work unless they were on the local relief rolls between May 1st and August 1st of this year. Also certain E.R.A. employees were not qualified due to some income being received by their family.

I do not favor this new program as it results in inefficiency, waste of public funds, unnecessary red tape as well as tremendous amount of unnecessary and expensive administration work. It is also un-

fair to the taxpayers who have labored hard at small earnings through the past three years and now find themselves out of employment with the only aid they can receive being obtainable through charitable appropriations.

A list of projects undertaken this year with the proportions of the expense borne by the town and the government follow:

## E.R.A. PROJECTS JANUARY 1, 1935 TO DECEMBER 31, 1935

Project No.	Description	Federal Expense	Town Expense
No. 20311B2-63	Re-Surfacing June Street	\$1,072.00	\$941.20

### Parks and Playgrounds

Other than the work relief this department operated on a maintenance basis only. With work relief funds the area in the rear of the Blackburn Memorial Building received considerable additional fill.

Again this year the swimming pool was operated as a Federal E.R.A. project under the guidance of Stanley Fisher, Supervisor, Mrs. Chester Gove, Matron, with Joseph Meau and Ebba Salimen acting as assistants. Its popularity is shown by the report of the Supervisor elsewhere in this report.

I had studies made of Memorial Park by architects under an E.R.A. project and a plan submitted for our approval.

The Athletic Field in the rear of the Plimpton School has progressed favorably with the number of men available. The track is cindered, the ball field loamed and seeded and the bleachers about finished.

All small park areas as well as the Common in the center and in South Walpole were maintained as in previous years.

The replacement of the 1925 Dodge truck with a new Dodge truck places the equipment in this department in good condition and is sufficient for the coming year.

### Sewer Department

Considerable work was completed in this department during the year, both by relief work and installation of service connections.

We installed forty-five services this year. Of this number seven were for municipal buildings, namely East Walpole Fire Station, Bird School, Stone School, Blackburn Memorial Building, Centre Station, Town Hall and the Public Library.

Construction under the Federal relief program consisted of services to the street line on Washington Street from June Street to Short Street, services on Common Street to the street line from Main Street to School Street, service connections on Stone Street to the street line from School Street to Main Street, 625 linear feet of 10" lateral sewer on June Street, 1,302 linear feet of 10", 575 linear feet of 8" and 250 linear feet of 6" lateral sewer on Common Street, 265 linear feet of 8" lateral sewer on May Street, 650 linear feet of 8" lateral sewer on East Street from Washington Street westerly, 1,511 linear feet of 10" lateral sewer on East Street from Main Street to Diamond Street, 928 linear feet of 12" Cast Iron pipe through the swamp in the rear of the Blackburn Memorial Building (this line is known as the Diamond Outlet), 448 linear feet of 12" lateral sewer from the Diamond Outlet passing in front of the Stone School to the intersection of Stone Street and School Street, and 1,131 linear feet of 8" lateral sewer on Stone Street from School Street to the Town Hall

and thence by the rear of the Post Office block to a point approximately one hundred feet from Common Street.

This department installed during the year the following lateral sewers: 1,376 linear feet of 12" pipe, 3,438 linear feet of 10" pipe, 2,621 linear feet of 8" pipe and 250 linear feet of 6" pipe, making a total of 7,685 linear feet of sewer construction.

#### Public Works Administration Project, Mass. 1179

Pursant to the vote at the town meeting on October 14, 1935, plans and specifications were prepared for the construction of the sewer laterals on Chestnut Street, Union Street, Walcott Avenue, and Rhoades Avenue, also the rebuilding of these and Common Street from Main Street to Ellis Street with penetrated macadam.

At the opening of the bids on November 15, 1935 the following proposals were received:

#### BIDS ON WALPOLE P.W.A. PROJECT 1179

Contractor's Name	Highway	Sewers	Total
Lorusso & DiPietro .....	\$20,282.75	\$30,343.72	\$50,626.47
Ralph Civitorese .....		40,792.35	
Charles Capone .....	27,901.50	41,922.85	69,824.35
Middlesex Const. Co. ....	26,356.00	46,136.60	72,992.60
John Iofolla Const. Co. ....	31,064.50	47,109.25	78,173.75
Duva & Basile .....		47,752.75	
A. D. Daddario .....		48,040.75	
N. Cibotti & Co. ....		52,544.00	
Baker & Co. ....		53,594.20	
A. Daddario .....		57,981.50	
A. Piatelli & C. D. Martini .....		52,748.00	
A. Sussi & Co. ....	29,067.00		

The contract was awarded to the lowest bidder, Lorusso & DiPietro, and construction should be under way early in January of 1936.

Upon completion of this contract approximately all of our deep sewer which is designed at present will be constructed. Additional road surfacing of long life will be added to that completed this year.

Plans have been prepared and projects submitted to the Federal Progress Administration for the extension of the main outfall sewer from its present end to South Street. The extension of the East Street lateral from Diamond Street to the Walpole Woodworkers, Elm Street from Station Street to West Street, Plimpton Street from the main outfall to East Street, Washington Street from the Main Outfall to the Norwood Walpole town line, Bird Street from Washington Street towards East Street, Riverside Place from Common

Street southerly approximately 300 linear feet, School Street from Stone Street to Common Street, Stone Street from School Street to Mass. Avenue, Lewis Avenue, from Common Street to the Main Out-fall, Maple Street from Main Street to School Street and School Street from East to Kendall Street.

Some of the above construction will not be completed under the relief program but precautions have been taken to allow for sufficient work for the unemployed.

In closing, I express my appreciation for the splendid cooperation and loyal support of the Selectmen, my assistants and to all those who helped to make the year a successful one.

FREDERICK F. LIBBY,

Dec. 31, 1935.

Town Engineer and Supt. of Sewers.

## SUMMARY OF STATISTICS

FOR THE YEAR ENDING DECEMBER 31, 1935

## WALPOLE WATER WORKS

Population of Walpole, Census of 1935, 7449

Area, approximately 23 square miles

Date of Construction, 1895—addition made to plant in 1918 and 1926.

Source of Supply, 141 Driven Wells.

Mode of Supply, Pumping to Mains and Standpipes.

## Pumping Statistics

## 1. Builders—

Dayton Dowd Co., DeLaval Steam Turbin Co.

New London Ship and Engine Co.

## 2. Fuel—

Electricity, oil

Average price of electric current per K. W., Edison .013

Electric current consumed for the year in K. W.

hours ..... 353,100

## 3. Total pumpage for the year in gallons with

electricity ..... 388,820,000

## 4. Average static head against which pump works in

feet ..... 156

5. Average dynamic head against which pump works in  
feet:

Dayton Dowd ..... 184

DeLaval ..... 170

## Statistics of Consumption

Estimated population along the pipe lines ..... 7,200

Total number of water takers ..... 1,668

Stores

Barber shops ..... 8

Mills ..... 8

Public Garages ..... 8

Lunch rooms ..... 8

Laundries ..... 2

Churches ..... 6

Town Buildings and Schools ..... 17

## TENTH ANNUAL REPORT OF BOARD OF PUBLIC WELFARE AND OLD AGE ASSISTANCE

### To the Board of Selectmen:

We present herewith the annual report of the Welfare and Old Age Assistance Departments for the year ending December 31, 1935.

As outlined in last year's report, we have adhered very closely to the curtailed appropriations in both departments. Federal grants through E. R. A. and W. P. A. have provided part time work for the unemployed. As budget requirements in most cases were inadequate, the difference necessary for families to carry on was in a great measure met by expenditures from the Welfare account. The trying times of the past few years have exhausted all resources, so that when illness or death ensued no private funds were available, necessitating heavy cost to our department.

Accidents and deaths, possibly occasioned by work under E. R. A. and W. P. A. were, and will continue to be, a large expense on Welfare.

Pneumoconiosis victims, wife desertions, emergency operations and hospitalization have reduced our appropriation materially.

The closing of the Multibestos Company the latter part of the year added to the unemployed with resultant appeals for work and assistance.

Federal commodities have been furnished in a desultory manner from time to time, same being delivered to the needy by Town trucks. A central distributing agency is now located in the lower Town Hall under supervision of a special Agent, paid wholly by and responsible to the Federal Office in Boston. Distribution of Federal Commodities by the Town has therefore been discontinued since December 1, 1935, and recipients must arrange for obtaining same from the Agent referred to.

Contributions from First National Stores, donations to our so-called Special Fund, and the several fraternal organizations carrying out the custom of years during the holiday season, are hereby gratefully acknowledged.

Bills from cities and towns for Walpole settled cases are more numerous and larger than in past years.

We are pleased to report that an outstanding controversy relative to a settlement status involving over \$1,000.00 has been admirably handled by the Town Counsel, and same has been paid to the town.

We wish to thank all for the splendid co-operation in alleviating the distress of those who through on fault of theirs find themselves in needy circumstances. In many cases, they have been existing on a third-class diet.

The Federal Social Security Act, parts of which were effective July, 1935, embodies several varied provisions, including benefits for old age, blind persons, dependent and crippled children, maternal and child welfare, Public Health, unemployment and compensation laws.

Mother's Aid is made retroactive to July, 1935. This Act will require unestimated clerical and investigation work in the future. Your Board has been advised, and we believe it will be necessary that a qualified person be on duty six days each week to handle all phases of this Act.

In the early months of 1936, it would appear that an entirely new set-up will be required for handling Welfare work in our town. At this time, we must await action by the State Legislature, said action to conform as nearly as possible to Federal law, before definite recommendation can be made.

Welfare case load average,	40 each month
Institutional care average,	5 each month
Other cities and towns average,	4 each month
Old Age Assistance average,	25 each month
Other cities and towns average,	4 each month

We recommend that \$26,000.00 be appropriated for Welfare, an increase of about \$1,000.00 over last year, and \$10,560.00 for Old Age Assistance, an increase of \$800.00 for 1936.

Budgets under Federal and State Grants being figured up to July 1, 1936, our recommendations are based on this present fact.

Rules and regulations pertaining to indirect Relief may change over-night and in this Department we must govern ourselves accordingly.

TIMOTHY E. DELANEY,  
NILLA BOCK,  
HAROLD E. TOWNE,

Dec. 31, 1935.

Board of Public Welfare.

# REPORT OF CHIEF OF FIRE DEPARTMENT, FIRE ALARM SUPT., WIRE INSPECTOR AND TOWN ELECTRICIAN

## To the Board of Selectmen:

During the year the fire department has responded to:

56 Box Alarms  
27 Still Alarms  
of which 5 were false, 1 out-of-town and 7  
emergency calls.

## Summary of fires for year:—

Building fires .....	25
Chimney fires .....	12
Automobile and Truck fires .....	21
Dump fires .....	10

We have laid 9,685 feet of hose and raised 880 feet of ladder.

Value of buildings burned .....	\$64,451.45
Loss on buildings burned .....	52,879.75
Insurance on buildings burned .....	75,425.00
Insurance paid on buildings burned .....	39,622.75
Value of contents .....	22,250.00
Loss on contents .....	16,983.98
Insurance on contents .....	18,700.00
Insurance paid on contents .....	16,498.98
Total loss on buildings and contents .....	69,863.73
Total insurance paid .....	56,121.73

## I have inspected and issued the following permits:

62 Permits for storage of range oil.  
47 Permits for storage of furnace oil.  
6 Permits for use of dynamite.  
6 Permits for sale of fireworks.  
2 Permits for removal of gas tanks.

I would recommend that the outside of all fire stations be painted this coming year, as they are badly in need of it. The rear of the East Walpole station should be water-proofed, as when it rains the water comes through the brick down to the first floor. Also we were not given the hot water tank as was requested for the East Walpole station last year.

I still think that we should do something in regards to a new fire station at the Center, as we have fifty-thousand dollars worth of equipment in the present building. The present floor, which is of wood, and in poor condition, will have to be remedied this year.

I would also like to have the East Walpole Engine painted this coming year as the same was not done this year.

We now have ten men who have graduated from the Brookline Fire School under the department of Education, Commonwealth of Massachusetts, and we regard these men as a great asset to the company. At this time I wish to thank these men for the time and effort they have put into this work. I also recommend that the car used by the chief be traded this year, and feel that it will be a saving to the town.

**Forest Fire Dept.**—We had 48 forest and grass fires this year, 2 of which were out-of-town calls. During the dry period this year I would not allow any burning until after five P. M., and with the assistance of the man at the Sharon tower notifying me of all small fires before five P. M., I was able to investigate and prevent a great number of fires.

**Fire Alarm Dept.**—I still recommend that the town install a fire alarm box at the corner of Walcott Ave. and Rhoades Ave. I recommend this year that the spare whistle machine be put in first-class condition, which will cost about \$150.00, also that the overhead wires of the system will have to have a great deal more work put on them this year because we were unable to do but very little this year.

**Town Electrician**—I have had 53 work orders come through the Town Engineer's office this year. I was able to rewire the first floor of the Plimpton School, which has proved very satisfactory.

I do hope that the town will see fit to rewire the second floor this coming year, as I feel that it will be money well spent.

**Wire Inspector**—I am pleased to report that I have made 225 inspections of electrical work, and have issued 266 permits. Cords of electrical appliances should not be run over radiators, or steampipes, under rugs, or squeezing them into door jams, as serious trouble may result. Make sure such cords are approved.

I have now completed the third term of the different duties to which I was appointed in February, 1933, and have showed a saving to the town, both in service and in dollars and cents, and feel that my request of the previous years should be granted.

In closing I wish to thank the Honorable Board of Selectmen, the firemen, and people of Walpole, for their splendid support and cooperation.

CHESTER L. DONNELL,

Dec. 31, 1935

Chief.

## REPORT OF THE HEALTH OFFICER

To F. F. Libby, Town Engineer:

It has been necessary to make one change in this department during the past year. Mr. Harry Boyden, who served faithfully and efficiently as slaughter inspector for several years, died in October. Dr. F. X. Maguire, a veterinarian, was appointed to fill the vacancy.

Our program in the schools has continued along the same lines as in previous years. We stress our work upon dentistry and the prevention of tuberculosis. Other lines of health education are in charge of the School Nurse.

The dental clinic tries to teach every child in the school system that dental health is important to general health. We have corrected as many dental defects as possible in the first six grades and our work has been commented on favorably by the parents and also by the State Department of Public Health. The educational part of our program has been ably carried out by Miss Alice Bourassa, our dental hygienist.

For the year 1936, I have contracted with the Norfolk County Hospital to continue the tuberculosis examinations and check up of all active and suspected cases. These cases receive complete physical and X-Ray examination followed by a periodical check up by the school nurse. We try to provide the proper treatment for all active and border line cases.

In June of this year, I started the inoculation of dogs for prevention against rabies. This work is necessary and important if we wish to stamp out rabies in dogs, which disease increased greatly this year in Eastern Massachusetts. In 1936, I will have the inoculations made in February or March.

The local milk situation is diligently followed by our inspector, Mr. Willis Hoyt. His report covering tuberculin testing, extent of pasteurization and the information regarding milk control, follows this report.

The detailed reports from sub-divisions of this department follow, also the vital statistics as given by the Town Clerk.

In closing may I thank you for your work in construction and maintenance of our new sewer system, also for your co-operation in all of our health activities.

WILLIAM H. MAGUIRE,

Health Officer.

Dec. 31, 1935.

## REPORT OF DENTAL HYGIENIST

**To Dr. William H. Maguire, Health Officer:**

My report for the year 1935 follows:

Dental education being the recognized means of promoting good dental health this part of the program is stressed as it has been for the past years.

This is accomplished by monthly visits to all classrooms, for inspections and brief discussions of some dental topic presented in a comprehensive and appealing manner, in order to form good dental health habits. These habits if carried through will prove to be a guarantee of good dental health for now and for future years.

The clinical part of the program consists of several duties, such as direction of clinic, yearly examinations conducted by the School Dentist, keeping records, time spent with school nurse for various clinics and the cleaning of teeth for 712 children.

May I thank you, the School Department, and the parents for their very kind support.

ALICE BOURASSA,

Dental Hygienist.

Dec. 31, 1935.

---

REPORT OF MILK INSPECTOR

**To Dr. William H. Maguire, Health Officer:**

In 1935 the Health Department issued ten permits and fifty-six licenses to sell milk or cream. Thirty-three of these were issued to stores and restaurants.

Two licenses to maintain an establishment for the pasteurization of milk were issued. One application for a license to sell milk by an out of town dairy plant is on file pending satisfactory evidence that the milk offered as a supply will be the milk sold in Walpole by that company.

All license fees, totalling \$48.00, were collected and turned over to the Town Treasurer.

The usual inspection of dairies, barns, animals and analysis of samples of milk and cream has been carried on. Ninety-seven samples were tested for butterfat and total solids and a great many of these were also examined for keeping quality and sediment. Several dairies were approved for production of Grade A raw milk. Some difficulty is being experienced by dealers in keeping the butterfat test in line with the percentages specified for the particular grade by State law.

In all instances of a test showing much variation, however, the variation has been in favor of the consumer, that is the test was higher than the grade required. Our State Milk Control Board is very aggressive and intends that cream be sold within the grade indicated on the bottle cap. This board has, by establishing prices for dairy products, aided the dairy industry much and deserves one hundred percent co-operation. Improved prices both wholesale and retail since the Milk Control Board was created have been reflected in improved quality of milk in all grades that I have tested during the year.

The latest regulations of the State Milk Regulation Board have brought about a decided uniformity in bottle caps and due to the fact that a person owning one cow or more is now classified as a dairy farmer, I have insisted that all have a suitable milk room if selling milk. Several new milk rooms were built during the year.

Pasteurized milk from the dairy of the Norfolk County Agricultural School, which maintains a Federal Accredited Herd of Guernseys and Holstein-Friesions known to be free of contagious abortion, has been supplied the public schools.

Whenever samples of milk or cream have been tested a report has been sent to the dealer concerned. None were found below the standard, the majority were very close to four per cent in butterfat and were of class one quality as indicated by the reductase test.

WILLIS H. HOYT, ~

Dec. 31, 1935.

Inspector of Milk and Dairies.

## REPORT OF THE CHIEF OF POLICE

To the Honorable Board of Selectmen:

I herewith submit the Annual Police Report for the year 1935.

Chief of Police.

## REPORT OF INSPECTOR OF BUILDINGS

## To the Board of Selectmen:

I submit the following report for the year 1935:

Permits were issued by me for the following:

Dwellings (New)	21	Approximate cost	\$109,150.00
Dwellings (additions and alterations)	39	Approximate cost	39,470.00
Garages	23	Approximate cost	7,020.00
Commercial Buildings	9	Approximate cost	9,915.00
Barns	1	Approximate cost	1,000.00
Poultry Houses	6	Approximate cost	1,470.00
Cellars (New)	4	Approximate cost	1,550.00
Camps and Small Buildings	8	Approximate cost	965.00
Temporary Buildings	1	Approximate cost	150.00
Moving of Garages	2		
Demolishing Houses	1		
Demolishing Barn	1		

Total .....			\$170,690.00
-------------	--	--	--------------

There were 116 permits issued during the year 1935 and 211 inspections made. One Hundred Seventy Three Dollars (\$173.00) was received for permit fees from April 6, 1935 to December 31, 1935.

FRED J. TETREAULT,

Dec. 31, 1935.

Building Inspector.

## REPORT OF SEALER OF WEIGHTS AND MEASURES

## To the Board of Selectmen:

I herewith submit my Annual Report for 1935.

Platform—over 5,000 lbs.—sealed (not sealed 1) .....	22
Platform—100 to 5000 lbs.—sealed .....	77
Counter—over 100 lbs.—sealed .....	3
Counter—under 100 lbs.—sealed (not sealed 2) .....	42

Leather Measuring Devices—sealed .....	1
Yard Sticks—sealed .....	19

#### Trial Measuring of Commodities put up for Sale

Bread .....	60 Packages
Butter .....	510 Packages
Charcoal .....	78 Bags
Coal .....	110 Bags
Coke .....	102 Bags
Flour .....	155 Bags
Potatoes .....	210 Bags
Sugar .....	405 Packages
Coffee .....	100 Packages
Rice .....	80 Packages

WILLIAM F. SMITH,

Dec. 31, 1935.

Sealer of Weights & Measures.

#### REPORT OF ANIMAL INSPECTOR

To Dr. William H. Maguire, Health Officer:

I submit my report as Animal Inspector:

Number of people bitten by dogs showed considerable decrease as compared to a year ago.

One clinic for vaccination of dogs against rabies held.

During the year fifteen (15) cattle were examined from outside the state and admitted to herds.

Yearly inspection of animals and premises:

Number of places visited ..... 64

Number of animals inspected:

Cattle .....	544
Sheep .....	101
Hogs .....	56
Goats .....	16

F. X. MAGUIRE,

Dec. 31, 1935.

Animal Inspector.

## REPORT OF THE SUPERVISOR AT THE WALPOLE MEMORIAL PARK POOL

**To Mr. F. F. Libby, Town Engineer:**

This year the swimming pool was operated with Federal Emergency Relief Administration funds. Under the Regulations of the FERA, no one was allowed to work over twenty-four hours a week. Consequently, two additional attendants were hired, Miss Ebba Salmi-nen and Mr. Joseph Meau, who were on duty with Mrs. Chester Gove and me.

Approximately 1,000 different individuals used the pool again again this year. The total number of swims was 11,274, slightly less than last year due to the shorter season, July 10th to September 7th.

Red Cross Tests were carried on as usual. 107 learned to swim and passed the Beginners' Test which is necessary to get into deep water. 28 passed the Swimmers' Test which consists of treading water, floating motionless if possible, diving, swimming 100 yards, swim-ming 50 feet on back using legs only, recovering objects in 6 to 8 feet of water, and witnessing a demonstration of artificial respiration. 8 passed Junior Life Saving Tests and 12 passed Senior Life Saving Tests. I wish to express my appreciation to Peter Gelso who helped with the Red Cross Life Saving program.

One Swimming Meet was held between boys and girls of the East Walpole Pool and those of the Walpole Pool. The Walpole Pool won.

STANLEY C. FISHER,

Sept. 20, 1935.

Supervisor.

## REPORT OF SLAUGHTER INSPECTOR

**To Dr. William H. Maguire, Health Officer:**

Herewith submit report for such part of 1935 as I have served as Slaughter Inspector:

Number of Hogs slaughtered .....	68
Number of Cattle slaughtered .....	2

F. X. MAGUIRE,

Dec. 31, 1935.

Slaughter Inspector.

## REPORT OF THE PLUMBING INSPECTOR

To Dr. W. H. Maguire, Health Officer:

I present the following list of Plumbing Inspections for the year ending December 31, 1935.

<i>Owner</i>	<i>Location</i>	<i>Plumber</i>	<i>Date - 1935</i>
Maynard Gould	Wash. St.	Joseph Praino	Jan. 17
Mrs. Dalton	School St.	T. F. Riley	Jan. 23
S. H. Thomas	Norfolk St.	G. E. Thomas	Feb. 15
Geo. Plimpton	East St.	E. F. Onion	Feb. 23
Walpole Home Bldg.	Park Lane	Harry Shannon	March 1
Frank Smith	Spring St.	W. C. Ellis	March 18

## REPORT OF BOARD OF ASSESSORS

To the Citizens of Walpole:

We herewith submit our Annual Report for the year 1935, and for comparison we show the Statistics for the year 1934:

	1935	1934
Number of Persons, Partnerships and Corporations Assessed on Property .....	2,161	2,157
Number of Persons Assessed for Poll Taxes .....	2,268	2,281
Value of Personal Property Assessed .....	\$4,088,484.00	\$4,168,841.00
Value of Assessed Real Estate:		
Buildings \$8,689,479.00	\$8,731,112.00	
Land ..... 1,548,619.00	1,550,763.00	
	10,238,098.00	10,281,875.00
Total Valuation of Assessed Estate	\$14,326,582.00	\$14,450,716.00
Number of Motor Vehicles Assessed	2,425	2,372
Number of Horses Assessed .....	85	98
Number of Cows Assessed .....	463	443
Number of Sheep Assessed .....	94	60
Number of Neat Cattle Assessed .....	11	16
Number of Swine Assessed .....	20	13
Number of Dwelling Houses Assessed	1,571	1,564
Number of Acres of Land Assessed	11,646	11,533
Number of Fowls Assessed .....	9,695	9,701
Town Grant (Appropriations) .....	\$533,620.86	\$519,988.03
Overlay Deficit (1931) .....		378.02
Overlay Deficit (1932) .....	199.20	10,872.46
Overlay Deficit (1933) .....	25.86	1,287.20
Old Age Assistance Abatements .....	38.00	
State Tax .....	20,330.00	23,500.00
Metropolitan Sewerage South Tax .....	12,237.88	12,237.88
South Metropolitan Sewerage Tax .....	13,800.00	14,042.29
Parks and Reservation Tax .....	130.00	126.25
Veterans' Exemption Tax .....	36.00	
Auditing Tax .....	501.76	523.48
Public Health Valley of Neponset Tax .....	471.92	471.93
County Tax .....	15,228.74	12,339.74
	\$596,620.22	\$595,767.28

# REPORT OF BOARD OF ASSESSORS

61

Overlays .....	6,869 .08	5,997 .65
	<hr/>	<hr/>
	\$603,489 .30	\$601,764 .93
Total Estimated Receipts Deducted	149,098 .32	152,120 .68
2,268 Poll Taxes at \$2.00 each.....	4,536 .00	4,562 .00
Property Tax .....	449,854 .98	445,082 .25
	<hr/>	<hr/>
Total Amount of all Taxes Listed .....	\$454,390 .98	\$449,644 .25

## December Assessments:

Personal Estate .....	3,690 .00	1,930 .00
Real Estate .....	1,450 .00	320 .00
Additional Poll Taxes at \$2.00 each	10 .00	10 .00
Rate of Taxation Per Thousand .....	31 .40	30 .80

We have also committed to the Collector \$22,906.01 on one hundred and forty-four individual property owners on account of the sewer. A large per cent of these will have to be apportioned into ten yearly payments.

It is the opinion of the Board that the Committee who were appointed by the Town to re-value the land should complete the work this year.

We also recommend that the houses be re-numbered during the coming year, so that there will be a definite number for any building erected on any street.

FRANK L. GOULD,  
WILLIAM F. RIORDAN,  
PAUL KLINGBEIL,

Dec. 31, 1935.

Assessors of Walpole.

## 60TH ANNUAL REPORT OF THE SCHOOL COMMITTEE

The School Committee presents this report for the year ending December 31, 1935 together with the report of our Superintendent.

At the first regular meeting the following officers were elected: Thomas H. Bateson, Chairman (Mrs.) Frances C. Maguire, Secretary

**Executive Committee**

John C. Donnelly  
Richard H. Kannally  
Ralph M. Wight

**Textbooks Committee**

Ralph M. Wight  
(Mrs.) Mildred J. Howard  
(Mrs.) Frances C. Maguire

**Health Committee**

(Mrs.) Frances C. Maguire  
(Mrs.) Mildred J. Howard  
Richard H. Kannally

**Committee on Teachers**

(Mrs.) Mildred J. Howard  
John C. Donnelly  
Ralph M. Wight

**Committee on Physical Education**

Richard H. Kannally  
John C. Donnelly  
(Mrs.) Frances C. Maguire

(The Chairman is a member ex-officio of all committees)

The regular meetings of the School Committee are held on the first Monday of each month at 7:45 P. M. in the School Committee Room in the Plimpton School. It is the wish of the Committee that anyone having suggestions, problems, or desiring information on school affairs appear before the Committee when it is in session.

**Health**—Dr Edward R. DeRoma, Dr. Frederick H. Fuller, and Dr. Thomas M. Connell, with the able assistance of our school nurse, Miss Ann F. Sabatis, have carried on their work in their usual efficient manner.

The School Doctors were asked to arrange to have at least one of them present at all home football games.

The Schools have cooperated with the Norwood Hospital and Lend-A-Hand Club in their worthy projects.

**Safety**—The program of safety education now in operation in our schools was worked out about three years ago by a Committee of Teachers. It has been highly commended by the State Director of Safety Education.

**Transportation**—Transportation of our children has been carried on in the usual manner by the Pierce Bus Lines, Mr. William Jarvis, and Mr. James Daggett.

The School Committee reiterates its stand in regard to transportation namely, "No transportation will be furnished pupils in Grades 1—6 if they live within 1¼ miles, nor to pupils in Junior or Senior High School if they live within 1½ miles of the school which

they are entitled to attend, provided a sidewalk exists the greater part of the distance."

**New Stone School**—The following is the vote of the School Committee passed at its regular meeting held February 4, 1935:—

"Conditions at the Stone School were discussed and it was finally decided that the Executive Committee is to consult with the Selectmen concerning ways and means of making application and securing federal aid for this purpose and to prepare a motion for presentation at the forthcoming Annual Town Meeting which would have the Moderator appoint a Building Committee to study into the details connected with the possible construction of a new building to replace the present Stone School."

If this project at present seems unwise, the School Committee reaffirms its recommendation that steel fire-escapes be installed on the present building.

**Improvements**—A routine of School Building Inspection has been worked out in which the Chief of the Fire Department accompanied by the Principal of the School makes periodic inspection of each School Building. A report of each inspection is made to the School Committee.

Arrangements have been made to have "No School" signals given through Station W. N. A. C. of Boston as well as by local whistles.

For years, the first grade was dismissed 15 minutes earlier than the rest of the school. Recently it was deemed wise to change this and have the first grade finish at the same time as the others—principally for the safety of the children involved.

Three downstairs classrooms at the Plimpton School have received improved illumination and the School Committee recommends that all upstairs rooms also be improved by the installation of additional illumination.

**Athletic Field**—Work is progressing under the direction of the Selectmen and Town Engineer with the aid of Federal Funds. The School Committee appreciates the effort of the Selectmen and Town Engineer to bring this project to completion. It promises to be one of the finest athletic fields in this vicinity.

**Repairs**—The following repairs to School Property have been made:

**High School**—New Backstop erected.

Shower Equipment Control replaced.

**Bird School**—New Backstop, Bleachers, and Fence.

Two outside doors in boiler room.

Furniture moved from Room 10 to Room 9 because of difficulty of heating Room 10.

The heating of parts of the Bird School has always been a problem and should be given immediate attention.

**Stone School**—Emergency exit from Boys' Toilet installed.

For 1936, the School Committee has recommended these repairs and improvements:—

**Bird School—**

1. Continue to completion the repairs to the roof.
2. Re-plaster ceilings of several classrooms, especially Rooms 1, 14, and 15.
3. Re-line (re-brick) both boilers, cheek and front plates have sagged.
4. Remove burlap and paint plaster under chalk trays in all classrooms.
5. Paint walls of stairwell, south-west corner.
6. Improve heating system.
7. Resurface driveway, Washington Street around circle.
8. Refinish floor of Auditorium.
9. Paint concrete floors.
10. Tower clocks.
11. Removal of knoll south of building.

**Boyden School—**

1. Construct and surface a driveway from street to rear of building on North side of lot.

**Fisher School—**

1. Remake lawn.
2. Wall leak in boiler room.

**High School—**

1. Repair roof over gymnasium.
2. Repair window draperies in auditorium.
3. Replace faucet in Senior Shop.
4. Soundproof ceilings of one shop, part of gymnasium, cafeteria and cooking and sewing rooms.
5. Refinish floor of gymnasium.
6. Construct wide concrete sidewalk from South exit to driveway—Approximately 100 feet.
7. Painting of classrooms 107, 108, 109, 110, 112, 206, 207, 209, 211 and Boiler room.
8. Painting of all corridors.
9. Painting of two boys' toilets and locker room.
10. Painting of Auditorium and Balcony.
11. Whiten ceilings of rooms 107, 108, 204, 206, and 207.
12. Construct driveway from Common Street to North end of building to connect with newly cut driveway at rear.
13. Install sliding doors over lunch counter.

14. Refinish corridor floors.
15. Curb from street to Rear of buildings to protect lawn.
16. Piping and water outlets for new athletic field.
17. Repair circular driveway.

#### Plimpton—

1. Repair wall or ceiling at leak, Grade 1.
2. Continue additional installation of electric illumination.
3. Whiten all ceilings.
4. Construct concrete steps or areas at two rear entrances.

#### Stone School—

1. Weatherstrip some windows.
2. Install three outside fire-escapes.
3. Whiten all ceilings.
4. Install switches for turning off lights from either floor.

#### General Repairs—

1. Paint all flag poles.
2. Replace ropes on all flag poles.

#### New Laws and Regulations

1. Teachers' Oath Law. This law which went into effect October 1, 1935 has been complied with in full by all full time and substitute teachers.

2. "Salute to the Flag" Law. All classrooms and auditoriums are furnished with U. S. Flags and all teachers are complying with the mandate requiring salute to the flag at least once a week.

3. All milk used in the schools must be produced within the Commonwealth. Milk supplied to Walpole Schools is furnished by the Norfolk Agricultural School thus assuring to the children milk produced under conditions as near perfect as possible.

4. Piano tuning must be done by the Division of the Blind.

5. School busses are now tested by Regular Test Stations.

**Graduation—**The new type of Graduation Exercises introduced last year met with general approval and was used again this year. Dr. James Gordon Gilkey, lecturer, writer, minister and college instructor, was chosen to address the Graduation Class and friends.

Book diplomas were used again this year.

#### Receipts on Account of Schools

Tuition from State .....	\$1,070.97	
Tuition, Town of Norfolk .....	5,181.14	
Miscellaneous receipts .....	646.01	
State Reimbursement on account of salaries .....	12,720.00	
	<hr/>	\$19,618.12

Each year, claims are made upon the Commonwealth for reimbursements on account of salaries paid to teachers. These claims vary from \$100 to \$200, depending on the training and experience of the teacher. If a teacher's salary is \$1,200 and she meets certain requirements of the State Department of Education, Walpole is reimbursed to the extent of \$200. This \$200 does not come to the School Department but goes into the Walpole Town Treasury. The total amount received by the Town of Walpole in 1935 on account of the School Department claims and receipts was \$19,618.12.

If this money were available to the School Department, the School Budget would be that much smaller. It is interesting to note in this connection what percentage the Town gets from its investment in the School Department Budget. This sum of \$19,618.12 is 11.8% of the 1935 appropriation of \$165,343. As a financial proposition alone, any business which brings an 11% return on the investment is considered a good business in the best of times.

#### Financial

Appropriation .....	\$165,343.00	
Dog Tax .....	1,153.92	
		<hr/> \$166,496.92

#### Expenditures

General Control .....	\$5,706.44	
Instructional Service .....	119,609.96	
Operation of Plant .....	15,852.21	
Maintenance of Equipment .....	882.66	
Insurance .....	2,729.70	
Capital Outlay .....	8.78	
Auxiliary Agencies .....	4,144.38	
Transportation .....	16,926.61	
		<hr/> \$165,860.74
Unexpended Balance .....		\$636.18

Respectfully submitted,

THOMAS H. BATESON, Chairman  
(MRS.) FRANCES C. MAGUIRE  
(MRS.) MILDRED J. HOWARD  
RICHARD H. KANNALLY  
RALPH M. WIGHT  
JOHN C. DONNELLY

School Committee.

## REPORT OF THE CHARLES FALES FUND SCHOLARSHIP COMMITTEE

The Charles Fales Fund Scholarship Committee presents herein its annual report.

The following officers were elected at the May meeting.

T. H. Bateson, Chairman (Mrs.) Frances C. Maguire, Secretary

The awarding of the scholarships is based on the following excerpt from the will of Lewis F. Fales:

"In memory of my father, one hundred thousand dollars, to be known as the "Charles Fales Fund," to the Town of Walpole, Massachusetts, provided, unless a Board of Commissioners of Trust Funds is then existing in said Town, said Town shall have created a Board of Commissioners of Trust Funds in accordance with the laws of the Commonwealth of Massachusetts within two years from the time said Town is notified by my said Trustee so to do. The income from said funds to be used for scholarships to be paid as hereinafter provided to students male or female, of the schools of the Town who become students at any university, college or institute. Such scholarships are to be as nearly as practical each for the sum of five hundred dollars annually, and to be paid to each undergraduate or post graduate in a university, college, or institute to whom it may be awarded by a committee to be known as the "Charles Fales Fund Scholarship Committee," which committee shall consist of the Superintendent of the Schools of Walpole for the time being, the Principal of the High School of Walpole for the time being, and if there be at any time more than one High School in Walpole the Principals of each High School for the time being, and the members for the time being of the School Committee or other body having charge of the Schools of Walpole. The awards of scholarship shall be for one year and shall be made during the month of December of each and every year. Said Scholarship Committee shall keep a record of its doings and make a report to the Town at the end of each year. It shall so far as practical keep in touch with the progress and standing of each student to whom an award of a scholarship has been made. It is not my desire to hamper in any way the Committee in making their award, but there are three factors which I desire they should take into consideration, —Character, Scholarship, and Physical and Mental Vigor. I also desire that students wishing to extend their education along technical lines shall, other things being equal, be given preference."

The Committee, after a careful investigation of the candidates, awarded scholarships to the following:

John Ahearn, Holy Cross  
Merrill Allen, Northeastern

Carl Behrsing, M. I. T.  
Roy Burns, Harvard  
Ernest Camelio, Harvard  
Harriet Day, Bridgewater Teachers  
Richmond Smith, W. P. I.  
Katherine Springer, Bates  
Donald Stather, Salem Teachers

Respectfully submitted,

THOMAS H. BATESON, Chairman  
(MRS.) FRANCES C. MAGUIRE, Sect'y  
(MRS.) MILDRED J. HOWARD  
RICHARD H. KANNALLY  
RALPH M. WIGHT  
JOHN C. DONNELLY  
ARTHUR C. JONES, Superintendent  
HAROLD A. STROUT, Principal  
Charles Fales Fund Scholarship Com.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

## To the School Committee of Walpole, Massachusetts:

In preparing this annual report, I have tried to review the facts, experiences and undertakings which have been of outstanding interest or importance during the year, and to emphasize some educational items which seem likely to be of interest.

## Tables and Statistics

Tables and charts giving information regarding teachers, enrollment of pupils by buildings, grades and sexes, costs, etc., will be found on the pages following the Reports of the various school officials and supervisors.

## American Education Week

A week in November is annually designated as American Education Week. One of its purposes is to create and foster public interest in schools. Here in Walpole, special invitations are extended through the pupils and the local press to parents and interested friends to visit our schools during that week. The idea has taken root; it has appealed to parents. It is gratifying to note the large numbers who have availed themselves of this opportunity to visit school, to see pupils at work, and to discuss problems with the teachers. Noticeable beneficial results have already been achieved. You will be interested in this Table which shows the number of classroom visits by parents and friends during American Education Week in 1935.

Bird School .....	115
Boyden School .....	14
Fisher School .....	66
High School .....	74
Plimpton School .....	82
Stone School .....	93
<hr/>	
Total .....	444

## Curriculum

**Elementary Science**—During the year, a committee of teachers prepared a Course of Study in Elementary Science for the first six grades. This new Course follows closely the line of work recommended by the State Department of Education and received School Committee approval. It was made a part of our Elementary School program with the start of the school year in September.

At the same time, the Junior High School Course of Study in Science was broadened so that it is now offered in Grade 7 as well as in Grade 8. This provides the pupils with a continuous curriculum in Science throughout the first eight grades.

**Civic Arts Course in High School**—This new four-year course is now in its second year. The first year pupils, in addition to specially prepared work in English, are given excellent opportunities for study of community civics. The second year pupils are studying social problems in a newly prepared Course of Study.

**English in the Elementary Schools**—English, the mother tongue and daily medium of oral and written communication and the only subject which is taught in every one of the twelve grades presents an unusual problem. From the nature of the case, it is the subject in which best results should be obtained. Unfortunately, this is not always true.

Some years ago, educators felt that better results would be obtained if we were to recognize in our teaching that oral language is used many times as much as is written language. Textbooks were written which stressed practice in correct speech. More recently, the pendulum has begun to swing back in the other direction, following the theory that oral and written work should go hand in hand. This latter treatment emphasizes again the grammatical forms with which we were formerly familiar.

In order to keep abreast of the most modern trends and with the hope that special study in that direction would result in better teaching and in better English habits in our pupils, a committee of teachers was assigned to the task of making a thorough study of English Curricula as prepared elsewhere and of the most recently published textbooks in Elementary School English. After a year's work, during which members of the committee took University Courses in English, the committee has unanimously recommended the adoption of a new and recently published series of texts in English for the Elementary Grades.

**Arithmetic**—This year, we have co-operated with the Boston University School of Education in an experiment involving the teaching of common fractions in Grade 6. This experiment has brought out some interesting and illuminating results. Preliminary study of the results seems to indicate at least two things:

- a. 100% accuracy in the four fundamental processes in everyday work is not an impossible achievement.
- b. Complete teaching and scientific drill on a small number of commonly used fractions prepares a pupil to handle with accuracy the less commonly used fractions.

This latter conclusion, if confirmed by further study, would point to revolutionary changes in the preparation of textbooks with resulting savings in pupil time and effort.

### Visual Aids to Education

In previous Reports, attention has been called to the desirability of equipping our schools with various types of projectors. Mechanical improvements make them even more desirable now. Motion picture projectors using 16 millimeter films are being used regularly in many schools. Reflectoscopes and delineascopes in which pictures cut from magazines can be shown are very usable and not unreasonably priced. It is not the purpose of these visual aids to compete with commercial pictures as a means of entertainment. They are designed to be used in the classroom as an aid to the teaching and learning of the subject matter being dealt with at the time.

We are indebted to the Walpole Mothers' Club for a substantial donation to be used toward the purchase of some type of projector at the High School.

### Instrumental Music

It is our belief that instruction in instrumental music is just as much a function of the public school as is the teaching of vocal music. The development of an orchestra in the High School is retarded each year because of absence of training in instrumental music in the Junior High School and Elementary Grades. Many children who wish to take up instrumental work can and do purchase their own instruments. On the other hand, many pupils who are possessed of musical talent and who have latent but undeveloped ability are financially unable to buy instruments. These boys and girls should have an opportunity to develop their abilities. We feel that the Department should provide a few instruments for each of the Elementary and Junior High Schools.

### Trends in School Enrollment

Within recent years the High School has witnessed a very large increase in enrollment. Grades seven and eight have not grown so rapidly. The Enrollment of pupils in the first six grades in the town as a whole has remained almost stationary.

The following table shows the enrollment during the last fifteen years.

Year	Kindergarten	Grades	Grades	High School	Total
		1 — 6	7 — 8		
1921	54	920	236	324	1534
1922	53	935	222	328	1538
1923	53	916	240	312	1521
1924	40	963	264	325	1592
1925	51	931	258	321	1561
1926	67	962	260	328	1617
1927	70	992	244	358	1664
1928	69	986	286	392	1733

Year	Kindergarten	Grades	Grades	High School	Total
		1 — 6	7 — 8		
1929	90	973	275	401	1739
1930	82	948	299	440	1779
1931	95	968	291	472	1826
1932	86	978	289	511	1864
1933	*	992	301	537	1830
1934		951	275	536	1762
1935		940	277	570	1787

\*Kindergartens discontinued after 1932.

A study of these figures shows that the enrollment of the elementary grades (1 — 6) has held fairly constant over the fifteen year period. Grades 7 and 8 have varied but little from year to year. On the other hand, the High School enrollment, beginning with the year 1926, has shown a rapid and fairly uniform increase.

Of the 277 pupils now enrolled in Grades 7 and 8, 146 are housed in the High School Building; these with the 570 High School pupils make a total of 716.

In 1928, the High School Building Committee and the Superintendent of Schools set 700 as the ultimate capacity of the building. That figure has already been passed. Within the past two years, the rapid increase in the High School enrollment forced the withdrawal of one Junior High School class from the building. At present, the High School needs more rooms. The report of the High School Principal which follows this report shows that the High School is now obliged to use as home-rooms several classrooms which are very unsuitable for that purpose.

These facts may prove to be of importance in view of the possible construction of a new Stone School Building.

I have enjoyed the privilege of attending the meetings held by the "New Stone School Building Committee" and have assisted in the preparation of the plans and drawings worked out by that Committee.

The latest plans which have been made provide for a two-story building with the following rooms:

- 1 Kindergarten Room
- 9 Classrooms for Grades 1 to 6, now housed in the present Stone School Building
- 6 Classrooms for Grades 7 and 8 to provide for 5 classes now in the High School Building, and one class now in the Bird School.
- 1 Library
- 1 Manual Training Shop
- 2 Domestic Arts Rooms (Sewing and Cooking)
- 1 Cafeteria and Kitchen

- 1 Gymnasium—Auditorium
- 2 Shower Bath Rooms
- 1 Library

With the construction of this building all sections of the Town would be provided with safe, modern, brick school buildings. This building as now planned would provide us with a school of sound design, capable of expansion when necessary, and correct from the standpoint of school building requirements.

ARTHUR C. JONES,  
Superintendent of Schools.

Dec. 31, 1935.

## REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

To Mr. A. C. Jones, Superintendent of Schools:

I herewith submit to you my third annual report as Principal of Walpole High School.

The total enrollment at the Senior High School on December 20 was as follows:

Freshmen	174	Seniors	127
Sophomores	152	Post Graduates	10
Juniors	107	Total	570

For the last five years the enrollment has been:

1930-31	1931-32	1932-33	1933-34	1934-35
454	492	537	541	536

We are able to care for this increase in enrollment without overcrowding the classes. We are still unable to provide proper study conditions for our pupils. In the cafeteria the average number is 97 each period. This is too large for a study hall. In addition pupils study in the rear of the large recitation rooms. This is also not the best practice, for pupils many times are unable to concentrate on their work to the extent that they should. Many pupils prepare much of their school work during the two study periods. We should provide proper conditions for study so that school work may be done successfully.

At the present time we are using four rooms for purposes for which they were not designed. These rooms are used as home rooms. They are typewriting room, library, physics laboratory and Sewing room. We are forced to use the two study rooms which seat 60 each for recitation rooms and to use the cafeteria for a study hall.

The following table shows the organization of the schoole for this year:

	Total Number of Pupils	Average No. in Division
English IV .....	142	28
English III .....	113	22
English II .....	157	26
English I .....	136	22
Latin .....	87	17
French .....	157	26
Mathematics .....	338	26
History and Civics .....	435	31
Social Problems .....	32	16
Economics and Problems of Democracy	39	39
Chemistry .....	79	26
Physics .....	42	21
Biology .....	64	32

	Total Number of Pupils	Average No. in Division
Commercial Geography .....	64	32
Bookkeeping .....	89	29
Stenography .....	73	36
Typewriting .....	185	30
Business Training .....	79	39
Foods and Clothing .....	30	15
Home Making .....	40	20
Sewing .....	21	21
Cooking .....	55	27
Manual Arts .....	74	24
Freehand Drawing .....	69	11
Physical Training (Boys and Girls) .....	233	33
Glee Club .....	101	50
Orchestra .....	14	14
Chorus .....	356	118

Habits of regular school attendance and punctuality are valuable and should be encouraged by parents. Our percentage of attendance remains high. For the last five years it has been:

1929-30	1930-31	1931-32	1932-33	1933-34
96.25	96.13	96.23	96.13	96.08

Last winter a sound proof ceiling was placed in the Senior Manual Training Shop. This was a great improvement and has eliminated much of the noise of the shop from the class rooms above it. A similar ceiling is still needed in the Junior Shop.

The athletic treasury has shown a deficit for the last four years and we have been unable to buy proper equipment for our athletic teams. A drive for funds was started this year and it was successful. A family season ticket was offered to all interested in athletics at the high school. We hope to be able to balance the deficit and to purchase a small amount of new equipment with the money obtained. Athletics are valuable but they are expensive. We believe that the players on the teams should be provided with the best equipment we can afford.

This year we are offering to the Civic Arts group in the Sophomore year a new course in Social Problems. The course is proving of value. Some of the subjects studied are Unemployment and Housing Conditions. The relation of the individual as a citizen is stressed in this course.

There is some demand for a course in mechanical drawing. This is from boys who are planning to attend scientific schools. We are able to offer a year of typewriting to practically all pupils who desire it. Our school is a Class A. school. We are able to send pupils to

colleges by school certificate whenever the college will accept any students from any high school by this method.

Character training is an important part of the work of the high school. We attempt to give this training indirectly by having a Student Council which includes class presidents and members from each home room. The Walpole Mothers' Club has supplied us with excellent speakers who address the entire school in assembly. Our school is a member of the Sportsmanship Brotherhood. This is a national organization whose purpose is to promote good sportsmanship and character.

Many of our teachers are studying our courses of study in order to enrich and improve them so that they will better meet the needs of our pupils.

Again I wish to express appreciation for the cooperation I have received from the teachers and you.

HAROLD A. STROUT,

Dec. 31, 1935.

Principal.

## REPORT OF THE SUPERVISOR OF ART

To A. C. Jones, Superintendent of Schools:

I submit my seventh report as Art Supervisor and Teacher in the public schools of Walpole.

The days of the past year have been enriched by many valuable experiences that were made possible by association with everyone interested in the education of those who compose our classes.

The inculcation of art principles, the stimulation of intellectual curiosity combined with spontaneous and concentrated effort are making perceptible the steady advance which we anticipate. It is desirable that students should develop as individuals prepared to enjoy the company of others whose aesthetic sense has been cultivated.

Our lessons are based on the belief that all drawing is the recording of thoughts; the mind controls the hand; and "art training is mental training." Realization that a happy mood is essential to the representation or creation of beauty, necessitates the avoidance of monotony by the variation of lessons which is made possible by the use of recently published reference material.

Students are giving evidence of their interest in the articles published in the newspapers concerning fine art. The opinions of the critics clarify the meaning of the term applied to the kind of art which gives pleasure, records ideas, events, and scenery; and also, perpetuates the memory of people.

Consideration is given to the dependence of modern civilization on the application of the principles of art to advertising and to the manufacture and construction of whatever satisfies our physical needs of clothing and shelter.

The understanding of the value of art in industry and commerce, and the knowledge that all that gives us pleasure is useful, furnish the necessary incentive to study.

Evidence that we actually follow the theory that I have described is given by the work accomplished:

## Grades 1 — 6

The majority of first grade children meet us without previous experience in drawing. We analyze their interests and needs and, working with their pliant imaginations and limitless enthusiasm, lead them to express in strong, simplified form, what they learn from observation. The work consists of :

1. Appreciation of beauty in nature and art.
2. Knowledge, use, and enjoyment of color.
3. Construction work done with paper.
4. Application of the principles of design which is "a plan used for construction or decoration."

5. Imaginative drawing which supplies opportunities for correlation.
6. Lettering and poster composition.
7. Drawing of maps.
8. Perspective.
9. Representation of animals, birds, etc.; buildings; berries; flowers, leaves, trees; groups of objects; people and vehicles.

Care is taken lest, while doing the necessary teaching, the directed lessons may cause the children to become dependent upon instruction. The fact that progress is based upon knowledge directs our course so that, in addition to giving plenty of time for original, creative illustration and decorative design, we, also, teach by means of direct observation.

The children of the first three grades enjoy painting at easels that were constructed by the boys working under the direction of the instructors of the Manual Arts Department. The importance of size and the value of dark colors against a light background, and the reverse, are clearly demonstrated by this method of painting on large pieces of paper.

The third dimension, depth or distance, becomes a reality to the first and second grade pupils when they are supplied with modeling material from which to shape little forms that illustrate the stories that they learn and the objects that are available.

We use the principles of perspective even with the beginners and continue throughout the first six grades to direct attention to the use of size and position to tell the story of distance.

I have always given preference to the lessons which supply a general fund of useful information rather than result in ornamental, spectacular accomplishments which, because of the necessary allotment of limited time, cannot include the maximum of varied experiences.

#### Grades 7—8

Taking into consideration the various ambitions of students of the Junior High School, it has seemed advisable to concentrate all attention during the seventh year of school on:

1. Color combinations; and the advertising and decorative importance of the hues, values, and intensities.
2. Recognition, enjoyment, and representation of decorated pottery and textiles of museum collections.
3. Lettering of the upper case alphabet applied to signs which require skill in letter spacing and layout.

The months pass rapidly and at the end of the year we find that our papers, done during one period each week, prove that we consider quality rather than quantity.

The same is true of the eighth grade work which is a continuation of the advanced review of principles taught during previous years:

1. Appreciation of famous works of art.
2. Study of the use of design for construction.
3. Figure drawing from models and paintings by the masters.
4. Upper and lower case alphabets and italic letters used on signs.
5. Parallel and angular perspective which is essential to the successful representation of furniture and buildings.

The privilege of electing art work in the High School causes the selection of such subjects that will provide for seventh and eighth grade students practice in the fundamental methods of self expression by means of lines, forms, and colors.

### High School

The art classes in the High School are composed of pupils who have chosen the subject; and, therefore, since the size of each group is limited to approximately fifteen members who have unusual interest or talent, it has been possible to do some excellent work. We include during the four year course:

1. Recognition and understanding of masterpieces created by artists of America and other countries.
2. Appreciation of the art of the sculptor attained by carving and modeling followed by the making of plaster casts.
3. Charcoal drawing of casts.
4. Construction of masks and puppets.
5. Decorative design planned for a definite purpose. Cutting of stencils.
6. Holiday greeting cards.  
Linoleum block printing.
7. Drawing and modeling of the human head and figure from models casts, and photographs.
8. Nature study; berries, flowers, leaves, trees, and landscapes.
9. Perspective.
10. Commercial posters made by individuals for various organizations in the town; and others done as class problems.
11. Representation of groups of objects.
12. Visualization acquired by means of making working drawings.

Other activities often make our program one of varied interests which enable the pupils to develop the technique and earn the preparation which high school students need.

HELENA M. SAUNDERS,

Dec. 31, 1935.

Supervisor of Art.

## REPORT OF THE SUPERVISOR OF MUSIC

To Mr. Arthur C. Jones, Superintendent of Schools:

In a recent number of the American Magazine is an interesting survey of instrumental study in the public schools of the United States. The number of bands and orchestras, the army of young people engaged in them, and the investment involved in musical instruments and scores runs to most impressive figures. Beyond the statistical facts, the author makes two significant observations. The first and more obvious is that appreciation of music in America will be incalculably improved and advanced by such an influx of music makers to it's social fabric. The second observation is the interesting contention that Youth challenged by the perplexities and hostilities of an economic era which apparently limits opportunities, is meeting the challenge not with discouragement, but with a song on it's lips.

Music teachers have long contended that music activities are a social asset and an important contribution to the solution of the leisure hour. Here is emphatic endorsement of that contention and a broader claim.

Last year I spoke of an experiment I intended to make of combining players from the High Schools of Walpole, Franklin, and Sharon in an orchestra more complete than each school alone could produce. I ventured the hope that this orchestra might culminate in an organization which would attract graduates of the three schools as well as the more progressive of the under-graduate players. The physical handicaps of the experiment were many and I had concluded that the project was impracticable because of them. To my surprise I have met with a demand for it's continuance. The result is a largely post-graduate group of exceptional ability, available to the three schools for special occasions.

I hope to see such an interest in instrumental study in Walpole that a similar orchestra will be possible, recruited from our school system. There are signs that this may be realized. One hundred pupils have made good progress in piano study in Miss Dean's classes. I am sure a large number can be interested in hand and orchestral instruments. I hope that Mr. Kravitz, who is making a success of this kind of teaching in the Norwood schools, will be successful in working up classes in Walpole comparable to the present piano classes and the band and orchestral classes in Norwood.

The vocal training in the grades is now on a basis of dependable progress. This is evidenced in the Junior High and Senior High Schools by choruses which are capable and effective.

The Bird School will present the operetta "The Enchanted Isle" and the High School Glee Club the comic opera "Mikado" this year.

ADELBERT H. MORSE,

Supervisor of Music.

Dec. 31, 1935.

## REPORT OF THE SUPERVISOR OF HOUSEHOLD ARTS

To Mr. A. C. Jones, Superintendent of Schools:

The work has been carried on this past year following the general outline of the courses formerly sent to your office. The fundamentals of clothing have been taught the girls from grade six through eight; and the simpler theories concerning food discussed, taught, and practiced in grades seven and eight. Many practical, useful and attractive articles and garments were made in the clothing classes, and as hand work was so much in vogue we doubly stressed felt work, knitting, embroidery, and taught the girls to crochet.

There was a noticable increase in the enrollment in the household arts course in the high school. Many girls made the most of the opportunities open to them and joined the afternoon foods and clothing classes, the increase in enrollment last fall necessitated four such classes.

We appreciate and thank Miss Sabatis for the lectures and demonstrations on bandaging, bedmaking, and bathing of babies which were given not only to the girls in the household arts course but also to the girls in the home-making classes. We also appreciate the cooperation of the teachers at the Plimpton School in allowing us the privilege of completing some of our projects in their classrooms.

DORIS MAXFIELD,

Dec. 31, 1935.

Supervisor of Household Arts.

---

## REPORT OF THE SUPERVISOR OF MANUAL ARTS

To Mr. Arthur C. Jones, Superintendent of Schools:

I herewith submit my annual report as Supervisor of Manual Arts.

The shop classes at the High School are again full to capacity, a fact now for several years. It would be interesting to know what the total enrollment would be if all of those desiring to take the work could be admitted.

I hope that in the future we can add some form of mental working to our woodworking courses. This would of course be the logical solution for a needed expansion. Mechanical Drawing could also be made available to anyone in the preparatory course intending future technical education. By this plan some woodworking could also be given to these boys. This would of course necessitate an additional teacher. However, with this teacher taking the mathematics and other allied subjects of this course, it would greatly relieve the academic program. I think this plan justifiable, particularly

when considering the very apparent interest shown in the shop course.

The work in the grades follows the outline as compiled last year by Mr. Conaty and myself. Many and varied projects are now underway, and as usual the boys show great interest in their work.

ARNOLD F. GROVER,

Dec. 31, 1935.

Supervisor of Manual Arts.

---

### REPORT OF THE SUPERVISOR OF PHYSICAL EDUCATION

To Mr. Arthur C. Jones, Superintendent of Schools:

I herewith submit my annual report as Supervisor of Physical Education for girls.

As in the past all work in so far as possible, is carried on out of doors. The fall and spring months are devoted entirely to a program of games.

In winter the activities are more varied, consisting of skills, rhythms, self-testing activities, folk dances and games. The program is suited to the conditions and equipment of the various buildings.

During the winter and spring there is an after-school program of basket-ball and baseball for High School girls. Afternoons in the fall are devoted to the girls' Field Hockey team at the High School.

Last May at the High School there was a demonstration of all physical education activities in which the children of the six grades at Plimpton School and a group from Junior High and High took part, and to which the public was invited.

Much time in the past three months has been devoted to posture work. It is not possible as yet to note the effect of this work.

MILDRED WALLACE,

Dec. 31, 1935.

Supervisor of Physical Education.

---

### REPORT OF THE PHYSICIAN FOR THE BIRD AND FISHER SCHOOLS

To Mr. A. C. Jones, Superintendent of Schools:

I herewith submit my report for 1934-35 as School Physician for the Bird and Fisher Schools.

With the capable assistance of Miss Sabatis, the School Nurse, the annual physical examinations were completed early in the fall. Many of the defects found at that time are already receiving attention.

The inoculations against diphtheria have been given and we are pleased to note that the percentage of children who have received these inoculations is continually increasing.

THOMAS M. CONNELL, M. D.,

Dec. 31, 1935.

School Physician.

---

### REPORT OF THE PHYSICIAN FOR THE HIGH AND PLIMPTON SCHOOLS

To Arthur C. Jones, Superintendent of Schools:

I herewith submit my report for the High and Plimpton Schools. The usual physical examinations at the beginning of the school year have been completed.

There are still many pupils who require nose and throat operations and also a large number who have neglected the hygiene of the feet. These defects should be attended to as soon as possible in order to preserve the health of our growing children.

Special examinations were given to the athletic squad and especially to determine heart and respiratory lesions.

I am very much pleased with the cooperation which has been extended both by the parents and pupils in regard to diphtheria immunization.

EDWARD R. DeROMA,

Dec. 31, 1935.

School Physician.

---

### REPORT OF THE PHYSICIAN FOR THE STONE AND BOYDEN SCHOOLS

To Mr. Arthur C. Jones, Superintendent of Schools:

Stone School—Here the usual preventative treatment for diphtheria was given to about forty children. The annual physical examination revealed a smaller percentage of tonsils enlargement than in previous years. Several cases were seen in which it appeared that a sufficient amount of proper nourishing food was not being given, particularly the morning meal. I would recommend for this school building, or the contemplated new one, suitable air conditioning apparatus the effect of which would be to lessen colds.

Boyden School—In this school the Schick inoculations were given to about eight. Conditions, sanitary and otherwise, appear to be excellent. Should this school ever become filled to capacity I would recommend air conditioning.

DR. F. H. FULLER,

Dec. 31, 1935.

School Physician.

### REPORT OF THE SCHOOL NURSE

To A. C. Jones, Superintendent of Schools:

Follows my report for 1935.

The National Education Association places health teaching and training as an important aim of the public schools.

It is gratifying to note that this aim was fulfilled in Walpole last year as the health of the school children proved to be unusually satisfactory.

The usual routine of assisting with physical examinations and inspections to eliminate pediculosis, and contagion was carried on.

When infantile paralysis broke out every precaution was taken to check it. Pupils were inspected daily during the incubation period and all suspicious cases referred to the school physician. Home visits were made to check up on absent ones. The close cooperation of the teachers at that time proved most valuable.

The continued good done by the dental clinic in relation to general health was noted and commented upon by the State Tuberculosis workers.

Almost every year one school has an outstanding health project. I believe the laurels this year go to the Stone School.

An elaborate parade depicting various health habits was staged. This entailed a great deal of work and time for both the teachers and the children, but the results rewarded them and re-echoed even in the Boston papers.

Number of children examined .....	1,700
Number of notices sent for defects .....	500
Number of children who received Toxin Antitoxin .....	150
Chadwick Clinic .....	48
Re-examined .....	45
Improved .....	45
X-rayed .....	47
Tested .....	7
Number of visits to schools .....	166

Number of extra visits to schools .....	91
Number of children excluded .....	85
Number of home visits .....	243
Number of mental histories taken for Dr. Clark .....	23
Number of children taken for eye examinations .....	4
Number of children taken to Habit Clinic .....	6
Number of children sent to Health Camp .....	2
Assisted with weighing each month — Grades 1 — 6.....	
1 child sent to Summer Camp referred by Habit Clinic	

We are indebted to the generous help given us by the following organizations:

Lend-A-Hand .....Five Tonsils and Adenoids Operations.  
Walpole Health Center Free milk for undernourished school children

Since I am leaving the service at the close of this year, I particularly wish to express my thanks for the hearty co-operation of my fellow workers.

ANN SABATIS, R. N.

Dec. 31, 1935.

School Nurse.

REPORT OF THE TRUSTEES OF THE WALPOLE PUBLIC  
LIBRARY FOR THE YEAR 1935

To the Citizens of Walpole:

The Trustees of the Walpole Public Library submit their annual report for the year 1935 and call attention to the Librarian's report, herewith presented, for the detailed statistics of the work of the Library.

The Board organized for 1935 with Mr. Chester H. Andrews as chairman and Mrs. H. L. Goddard as secretary.

There has been no change in the Library personnel during 1935. Miss Ruth Balch is the Librarian at the Center, Miss Eleanor MacLean is in charge of the Childrens' Room and Miss Katherine Lewis is assistant Librarian. Miss Elaine Howe is in charge of the East Walpole Branch. Mrs. Anne Wilson and the Misses Morrissey have given assistance whenever it has been necessary. Mr. George Hubbard has been caretaker for both buildings. The Trustees appreciate the fine spirit of cooperation given by the staff to the Trustees and to each other and wish to publicly acknowledge it.

The lighting of our reading rooms has been tested with a Sight-Meter during this year; the East Walpole Library with its modern fixtures is quite satisfactory as is the Childrens' Room at the Center. The Reference Room and the Reading Rooms at the Center did not measure up to the standard and the necessary changes have been included by the town Engineer, Mr. Libby, in his repair program for the next year. It is of utmost importance that the lighting of the Public Libraries should be such that the users of the Library can, at all hours, read with enjoyment and safety.

The Trustees thank all donors of books or magazines and all who have in any way contributed to the success of their work during the year. Constructive criticisms are always welcome as are suggestions as to books or magazines to be put on the shelves.

An appropriation of \$9,319 is asked for the upkeep of the library during 1936; this includes a small increase in the salary budget because it seems most necessary to add a little to the salaries of those on our staff who are working for less than is average remuneration for services such as they are rendering.

CHESTER H. ANDREWS, Chairman  
ELEANOR W. GODDARD, Secretary  
ANN K. ALLEN  
MAUDE R. GRAVES  
ROY T. ARGOOD  
ROBERT MURPHY

Dec. 31, 1935.

Trustees of the Walpole Public Library.

## LIBRARIAN'S REPORT — 1935

## To the Trustees of the Walpole Public Library:

We come to the end of another year and among changes noted is a slight increase in the reading of non-fiction. This may be partially explained by the fact that we have more use of the Inter-Library Loan system than heretofore. Through the kindness of the Division of Public Libraries at the State House we have secured books from the Boston, Newton and Somerville Public Libraries, the Boston College Library, Boston Medical Library, Congregational Library, Massachusetts Horticultural Library and Massachusetts Institute of Technology Library. The subjects covered have included education, psychology, business methods, science, floriculture, music, plays and biography.

We have increased our service to college students by enabling them to borrow from here books to be used at school in connection with their work. This new help has been received with appreciation in every instance, a fact which is most gratifying.

In August a member of the Class of 1900 at Yale gave this library some books in memory of his classmate, Frederic W. Allen. This gift led to the opportunity for the library to acquire more worthwhile volumes published by the Yale University Press, with the anonymous donor providing fifty percent of the purchase price. This privilege was gratefully accepted and acknowledged.

Children's Book Week was observed in November. Books carrying out the slogan "Reading For Fun" were on exhibition at the Main and East Walpole Libraries.

The outstanding date of the past year was November 25th, at which time we celebrated the One Hundredth Anniversary of the birth of Andrew Carnegie, millionaire philanthropist and particular benefactor of libraries. Prizes were offered for the best essays written about Carnegie by the school children of Walpole. This contest was entered with enthusiasm and eight books were given as awards. Since this is a Carnegie building this library was the recipient of an excellent picture of Andrew Carnegie, reproduced from the original oil painting, as well as seven printed maxims of his own, by which he guided his life. These were shown at the Main Library during November and were loaned to the schools on several occasions.

It is impossible to close this report without mentioning the cordial relations existing between members of the Staff and the Board of Trustees, as those feelings of good will show themselves in the successful and harmonious completion of another year's work.

The statistics for the year follow.

RUTH S. BALCH,

Dec. 31, 1935.

Librarian.

 Mrs. John H. Peebles  
 Harry Riordan  
 Yale University

## REPORT OF THE TOWN PLANNING BOARD

**Organization**—The personnel of the Town Planning Board, as elected for the year 1935, was Charles S. Bird, Jr., John J. Fitzhenry, Frank A. Fisher, Willis D. McLean and William J. Sheehan. The Board organized with John J. Fitzhenry, Chairman, and Willis D. McLean, Secretary. Miss Ella B. Knobel was re-engaged as Clerk for the year at a salary of \$100. Regular meetings have been held on the last Friday of each month with special meetings when required.

**Zone Changes**—Public hearings for zone changes were petitioned for and held, as follows:

June 21. Peter Peterson—to change his property on General Edwards Highway (Route 1) from single residence to business district. In the opinion of the Board, business districts on this highway should be restricted to those locations determined upon at the time it was opened to traffic. The change requested, therefore, was opposed, but at the Special Town Meeting on June 24th the Town voted, 46 in the affirmative and 11 in the negative, to amend the Town Zoning Map to effect the change.

August 23. Dr. H. Lewis Banks—to change his property at the corner of Main and Front Streets from general residence to business district. This location is logically in the direction of the future business development of the Center and the Board recommended to the Special Town Meeting on October 14th that the Town Zoning Map be amended accordingly. The Town so voted, 91 in the affirmative and none in the negative.

**Billboards**—Without the knowledge or consent of the Selectmen, two billboards were erected under permits granted by the State Department of Public Works on the property of Jerry Calf, General Edwards Highway (Route 1). These billboards are located in a single residence district, the Town Zoning By-Laws not permitting billboards in such a district. The Selectmen, through the Town Counsel, protested the State's action in granting permits for their erection, contending the permits were illegally granted, Chapter 269 of the Acts of 1933, amending Chapter 40 of the General Laws, providing, in Section 29 of Chapter 40 as amended, that, in effect, state and municipal officers shall refuse any permit or license for a new use of a building or structure or land, which use would be in violation of any municipal By-Law or ordinance. The Selectmen have requested a hearing before the Department of Public Works relative to the matter and our Board is cooperating fully with the Selectmen. We believe the billboard situation is becoming increasingly serious, with the

tendency toward further state control that fails to take into consideration the desires of the individual communities. We hope the citizens will take an interest in this matter and register their protests of indiscriminate erection of billboards in Walpole.

**Street Layouts**—We believe the Town should adopt a definite program for continuing to lay out, each year, as many streets as possible. The streets not yet having had their lines defined include: Moose Hill, Mylod, Willett, Bullard, North, Fisher, Gould, Plimpton, Lincoln Road, Diamond, Grover, Kendall, Willow, Pine (Washington to South St.), Ellis, Old Post Road, High, Baker, South, Pemberton, Allen, Granite, Brook, Cedar, Riverview Place (West St. to R. R.), Bowker, Neponset, Robbins Road, Kingsbury, Summer, Plain, Summit.

We also recommend consideration of constructing a new way from the junction of West and Norfolk Streets to the Railroad bridge. The County Commissioners have been asked to make a tentative layout for this highway, which would eliminate a hazardous section of Norfolk Street.

**Railroad Crossing Elimination**—The Planning Board has sponsored the construction of a new highway between Summer and Washington Streets in South Walpole, thereby eliminating the railroad crossing on Washington Street. An appropriation of \$500 was made by the Town at the 1933 Annual Town Meeting, contingent upon appropriations by the Town of Foxboro, the Commonwealth of Massachusetts, and the N. Y., N. H. & H. R. R. Co. The funds were all made available this year and the work commenced late in November. Its completion will remove another hazardous railroad crossing and will provide a beneficial highway to the citizens of South Walpole.

**Annexation**—A further demand has been made by those residents on the southerly side of a section of Summer St., South Walpole, for annexation of this area by Walpole, it now being part of Foxboro. Several meetings have been held with the residents in this area, the authorities of Foxboro and the Commonwealth. Legislative proceedings are now pending relative to a satisfactory solution of the matter.

**Planning Studies in Schools**—Mr. A. C. Jones, Superintendent of Schools, has joined with other educators and Town Planning authorities, including our associate, Mr. Charles S. Bird, Jr., in a movement to introduce the study of Town Planning in High Schools. We believe this is one of the most important developments that has occurred in the field of Town Planning, and we are cooperating with Mr. Jones in the introduction of the subject in our High School. Such a course of

study suggests a mutual relationship of assistance and benefit to Town Planning, as follows:

**Immediate:**

- a. By developing ideas which can be made the basis for attention, study and action by the Planning Board.
- b. Through the influence on parents resulting from pupils discussions in the home of their Town Planning studies and investigations.
- c. By the protection and development of natural resources brought about by a fuller appreciation of their importance to a well planned community.

**Future:**

- a. By developing a broader and more understanding appreciation of the Planning Board's problems, aims and work.
- b. By developing a willingness to sacrifice possible material losses by individuals for the ultimate betterment and welfare of the community.
- c. By creating a broadened viewpoint through training for combining the aesthetic with the practical, understanding that beauty and utility are Planning essentials.

**Map**—Through the generosity of Mr. Charles S. Bird, Jr., a map of the Town has been made for use as a guide for future development. This map will be invaluable in planning for the future growth of Walpole, and we strongly recommend that it be adopted by the Town.

**West Walpole Lots**—This Board was appointed a Committee to investigate the situation created by non-payment of taxes on many of these lots, with the possibility of the Town acquiring them. A map showing the location of the lots was prepared and a full investigation made relative to the titles to them. A report was made at the Annual Meeting by our Chairman recommending that whenever tax sales were instituted by the Collector, the Town should acquire title to the remaining lots, which report was accepted.

**Memorial Park**—A new plan for the development of this recreational area has been drawn as an E.R.A. project, and will be presented to the Town for adoption. Continued progress has been made in filling in that part of the Park allotted for a baseball field. While it has been necessary to proceed with this work as an unemployment measure, we feel the results would have been better had there first been a definite program laid out. The new plan should be of assistance in continuing this project.

**Sidewalks**—Under the Federal Relief Program, projects for the construction of approximately 13,880 lineal feet of sidewalk have been accepted by the Works Progress Administration of which about 1,500 lineal feet have been completed. For several years we have recommended a definite sidewalk program of which this construction is a part. It is doubtful however, if all of the construction referred to can be completed before the Federal Program terminates, because of which we shall insert articles in the Warrant for the Annual Town Meeting to provide for appropriations by the Town. Due to present economic conditions, however, we recommend only such sidewalk construction as may be required for the relief of the unemployed.

THE TOWN PLANNING BOARD,

Dec. 31, 1935.

Willis D. McLean, Secretary

## REPORT OF SECOND ANNUAL PRESIDENT'S BIRTHDAY BALL

## To the Board of Selectmen:

It is with pleasure that I submit to you at this time a financial report of the Second Annual Birthday Ball in honor of President Roosevelt, held January 30, 1935.

As requested by National Headquarters I appointed the following committee of five to take care of the expenditure of the Walpole money.

Mrs. C. Philip Johnson  
 Mrs. Mabel H. Hart, Treas.  
 Dr. William H. Maguire  
 Harold E. Towne  
 Robert E. Turner, Chairman

To date the following items have been purchased to help needy families whose children have been afflicted with Infantile Paralysis:

Two Platforms .....	\$20.00
Splints .....	11.00
Corset .....	8.75
Braces .....	10.25

Total .....	\$50.00
-------------	---------

Thanking you and all the townspeople who cooperated so willingly to make this project a success.

ROBERT E. TURNER, Chairman

Dec. 20, 1935.

BREEDERS' LICENSES

Mrs. Catherine Mason, 818 Main  
St.

Mrs. Bessie C. H. Morris, 215  
Spring St.

NO TAX BILLS ARE SENT TO OWNERS OF DOGS.

Section 137, Chapter 140 G. L. The owner or keeper of a dog which is three months old or older, shall annually on or before March 31st, cause it to be registered, numbered, described and licensed for one year from the first day of April following.

The owner or keeper of a licensed dog shall cause it to wear around its neck a collar distinctly marked with the Owner's name and Registered number.

Section 138. The owner or keeper of a dog may at any time have it licensed until the first day of April following, and a person who becomes the owner or keeper of a dog which becomes three months old after March 31st in any year shall, when it is three months old, cause it to be registered, numbered, described and licensed and collared as required by the preceding section.

The number of dog licenses issued from this office to December 1, 1935 is as follows:

Male Dogs .....	422
Female Dogs .....	91
Female Dogs, spayed .....	100
	<hr/>
	613
Breeders' licenses .....	2
	<hr/>
	615

FRANCIS DALTON,  
Tax Collector.

REPORT OF AN AUDIT OF ACCOUNTS  
OF THE TOWN OF WALPOLE

For the Fiscal Year Ending December 31, 1935

(Made in Accordance with the Provisions of Chapter 44,  
General Laws)

February 6, 1936

To the Board of Selectmen

Mr. Charles P. Roundy, Chairman  
Walpole, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the accounts of the town of Walpole for the year ending December 31, 1935, made in accordance with the provisions of Chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL

Director of Accounts

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation  
State House, Boston

Sir:

In accordance with your instructions I have made an audit of the books and accounts of the town of Walpole for the year ending December 31, 1935, and submit the following report thereon.

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked, and verified by a comparison with the books of the town accountant and the treasurer.

The books and accounts of the town accountant were examined and checked with the treasurer's books and with the records of the several departments collecting money for the town.

The appropriations and transfers as entered in the ledger were checked with the town clerk's record of appropriations and transfers voted by the town. The necessary ledger adjusting entries were

made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of December 31, 1935.

This balance sheet indicates considerable improvement in the financial condition of the town over that shown at the close of 1934. The uncollected taxes on December 31, 1934 amounted approximately to \$207,000, while on December 31, 1935, the uncollected taxes aggregated about \$134,000, a reduction of \$73,000 at the close of 1935 as compared with 1934. The surplus revenue of the town at the close of 1934 was approximately \$80,000, while at the end of 1935 it was about \$106,000, or an increase of about \$26,000 over 1934.

The tax title account, which showed about \$20,000 in tax titles held by the town on December 31, 1934, was also reduced to about \$9,500 at the end of 1935, and the 1935 temporary loans carried forward into 1936 were \$50,000 less than the amount of 1934 carried forward into 1935. However, the balance sheet at the end of 1935 shows overlay deficits of about \$28,000 which, unless otherwise provided for by the town, will have to be raised by the assessors in the tax levy of 1936, in accordance with Section 23, Chapter 59, General Laws; but if the collection of taxes of 1935 and of prior years is enforced in 1936, it is very likely that a part of the surplus revenue will be available, before the tax rate of 1936 is determined, for appropriation by the town to take care of the overlay deficits as shown on the books at that time. The overlay surplus of about \$6,000 could also be appropriated by the town toward the overlay deficits.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and compared with the records in the departments collecting money for the town and with the other sources from which money was paid into the town treasury. The payments were checked with the selectmen's warrants authorizing the disbursement of town funds. The bank balances were reconciled with statements furnished by the banks of deposit.

The payments of maturing debt and interest were proved with the amount falling due.

The savings bank books and securities representing trust fund investments in the custody of the treasurer were examined and listed. The income was proved and the withdrawals were checked with the receipts entered in the treasurer's cash book.

The books and accounts of the tax collector were examined and checked. The taxes outstanding at the time of the previous examination were audited, and all subsequent commitments of taxes were reconciled with the assessors' warrants. The payments to the treasurer for the several levies were compared with the treasurer's cash book, the abatements were checked with the assessors' records

of abatements granted, and the outstanding accounts were listed and reconciled with the accounts as shown in the accountant's ledger.

Verification notices were mailed to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed are correct.

In making payments to the treasurer, the tax collector should exercise great care in reporting the tax levies on account of which amounts have been collected.

The commitments of water charges were examined and checked. The recorded payments to the treasurer were compared with the treasurer's cash book, the abatements were verified, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The town clerk's records of sporting and dog licenses and of miscellaneous receipts were examined, the payments to the State being verified with the receipts on file and the payments to the town treasurer being compared with the treasurer's cash book.

The accounts of the health, public welfare, and school departments, as well as all other departments collecting money for the town or committing bills for collection, were examined, checked, and reconciled with the treasurer's and the accountant's books.

The surety bonds of the treasurer, tax collector, town clerk, and town engineer for the faithful performance of their duties, were examined and found to be in proper form.

In addition to the balance sheet mentioned above, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, assessment, and departmental accounts, as well as tables showing the trust fund transactions.

For the co-operation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

---

# ABSTRACTS OF RECORDS OF TOWN MEETINGS

## ANNUAL TOWN MEETING

Monday, January 21, 1935 with adjourned meetings on February 11, February 18 and March 11, 1935.

The Warrant was issued by the Selectmen under date of January 11, 1935 and was signed by Charles P. Roundy, Willis D. McLean, James H. Daggett and Thomas B. Ahearn. The Warrant called for the election by ballot of five Selectmen, one Town Treasurer, one Collector of Taxes, one Moderator, five members of the Planning Board, all for one year; one Assessor of Taxes, two members of the School Committee, two members of the Public Library Trustees, all for three years; one Trustee of the Public Library for one year to fill unexpired term; one Commissioner of Trust Funds for three years; one Commissioner of Trust Funds for two years. Also the following question to be voted upon by ballot: "Shall the operation of section one hundred and five B of Chapter one hundred and thirty-one of the General Laws, requiring for the taking of fur-bearing animals the use of traps that kill at once or take such animals alive unharmed, be suspended within this Town?"

YES	
NO	

The proper service of the Warrant was attested by Levi S. Thompson, Constable of Walpole. All the requirements of the Statutes and By-Laws relating to elections and Town Meetings were complied with.

Pursuant to the foregoing warrant, at a legal meeting the inhabitants of Precinct 1 of the Town of Walpole, qualified to vote in elections, met in the Blackburn Memorial Building, in said Walpole on Monday, the 21st day of January, 1935, at 5:45 o'clock in the forenoon, and the inhabitants of Precinct 2, of said Walpole, qualified to vote in elections, met in the East Walpole Fire Station (Ground Floor), and the inhabitants of Precinct 3, of said Town of Walpole, qualified to vote in elections, met in the Community House, in South Walpole, in said Town, on the same date and at the same hour to bring in their votes for the officers and question as called for in said warrant.

The meeting in Precinct 1 was called to order by J. Henry Ryan, Warden of said Precinct. He was assisted by the following election officers: Chester B. Gove, James D. Walsh, Frank F. Kivlin, Harold L. Goddard, George H. Ryan, Hawkesworth M. Watson, Frank N.

Spear, Edward Tetreault, Peter Becker, George Hubbard and Peter Cassidy.

The meeting in Precinct 2 was called to order by John J. White, Warden of said Precinct. He was assisted by the following election officers: Albert W. Smith, William F. Geary, Melvin Hixon, Frederick Kinsman, Bernard McCabe, Albert Eckherth and Arthur F. Platt.

The meeting in Precinct 3 was called to order by Clinton P. Shufelt, Warden of said Precinct, who was assisted by the following election officers; Benjamin Follett, John J. Brooks and William Sheehan.

The meetings in each Precinct were conducted in like manner and in accordance with the law. The ballot boxes in the three precincts were inspected and found to be empty and the registers set at zero (0) and the keys of the ballot boxes in each precinct placed in charge of the police officer of the day in said precinct.

At 6:30 P. M. the polls were declared closed in each precinct and when all votes had been canvassed and results determined in accordance with the provisions of the law, declaration thereof was made and was as follows:

The total number of votes cast in Precinct 1 was.....	1327
The total number of votes cast in Precinct 2 was.....	677

KATHERINE J. HIGGINS,

Town Clerk of Walpole

## ADJOURNED ANNUAL TOWN MEETING

February 11, 1935

Norfolk ss.

Pursuant to the foregoing warrant, the Adjourned Annual Town Meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and Town affairs, was held in the Auditorium of the High School Building, in said Walpole, on Monday, the 11th day of February, 1935 at 7:30 P. M.

The meeting was called to order at 7:30 P. M., by Henry W. Caldwell, Moderator.

Voted: to waive the reading of the warrant.

Article 1. To elect all other Town Officers not elected by ballot. Voted: that all other Town Officers not elected by ballot be elected by nomination and the following were duly nominated and elected:

Surveyors of Lumber and Measurers of Wood and Bark: Alton N. Clark, Frank A. Fisher, Reuben Whitcomb, George H. Kingsbury, William E. Ingram.

Article 2. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1935, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Voted: that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1935, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Affirmative 38

Negative None

(Walter Meyers and Harry Mann were appointed Tellers previous to action taken on above vote and were sworn into office by the Moderator.)

Article 3. To see if the Town will vote to petition the Director of Accounts, Department of Corporations and Taxation, Commonwealth of Massachusetts, for an audit of the Town's Accounts, in accordance with Section 35, Chapter 44, of the General Laws.

Voted: that the Town petition the Director of Accounts, Department of Corporations and Taxation, Commonwealth of Massachusetts,

for an audit of the Town's accounts in accordance with Section 35, Chapter 44 of the General Laws.

**Article 4.** To see if the Town will authorize the Collector in collecting taxes to use all means which the Treasurer may use when appointed Collector.

**Voted:** that the Town authorize the Collector in collecting taxes to use all means which the Treasurer may use when appointed Collector.

**Article 5.** To see if the Town will vote to instruct the Collector, in collecting water rates and service bills, to follow rules and regulations of the Water Department.

**Voted:** that the Town instruct the Collector, in collecting water rates and water service bills, to follow the rules and regulations of the Water Department.

**Article 6.** To see if the Town will vote to instruct the Collector in collecting sewer assessments to follow the rules and regulations of the Sewer Department.

**Voted:** that the Town instruct the Collector, in collecting sewer assessments, to follow the rules and regulations of the Sewer Department.

**Article 7.** To hear and act on the report of any Committee, to choose any Committee the Town may think proper and transact any other business that may legally come before the Town.

Mr. Higgins, Chairman of the Appropriation Committee, reported that his Committee were unable to complete their reports for this meeting and suggested that the Appropriation Committee be granted three weeks further time to complete their report. On motion made by Mr. Higgins and seconded, it was

**Voted:** that the Appropriation Committee be granted an extension of time for three weeks until March 4, 1935 to complete their report on appropriations and that action on all appropriations be postponed until March 4, 1935, with the exception of partial action under article 23 of the warrant in case it seems necessary to make an appropriation for some emergency at the town meeting to be held Monday, February 18, 1935, to which date this meeting must be adjourned.

On motion made by Mr. Bateson, Chairman of the School Committee, and seconded, it was

**Voted:** that a committee of five be appointed by the Moderator to serve as a Building Committee to bring in plans at an early date for a building to replace the Stone School and to submit recommendations for an appropriation for such building.

Mr. Stephen P. Cushman arose and spoke as follows:  
"Mr. Moderator and Citizens:

As we are gathered here this evening we note that one who has often been with us at town meetings, one who served the community faithfully as an official and private citizen, is missing and will no more be with us, the town having been saddened by his death. I think it would be fitting at this time, before we proceed with the business of the evening, if this assembly should rise and stand in silent tribute to the memory of our departed friend, John S. Allen."

In response to the above motion, the entire assembly stood in silent tribute to the memory of John S. Allen.

Mr. Fitzhenry made a verbal report for the Town Planning Board who had been appointed a Committee to investigate the so-called West Walpole Lots and suggested that the Town instruct the Collector not to sell any of these lots except to the Town. Mr. Riordan, Assessor, stated that none of these lots have been sold to any other than the Town.

No action was taken relative to the question.

**Article 20.** To see if the Town will vote to accept a report of the Board of Selectmen, acting as a Board of Survey, relative to the acceptance of Park Lane from Coney Street to the point already accepted, as shown on plan made by E. Worthington, Engineer, dated September 22, 1930.

**Voted:** that the Town accept the report of the Board of Selectmen, acting as a Board of Survey, relative to the acceptance of Park Lane from Coney Street to the point already accepted, as shown on a plan made by E. Worthington, Engineer, dated September 22, 1930.

**Voted:** to take up article 7.

On motion made by Mr. Fitzhenry, and seconded, it was

**Voted:** that the report of the Town Planning Board as a Committee on the West Walpole Lots be accepted and the Committee discharged.

**Article 21.** To see if the Town will vote to accept Pemberton Street from its present end of acceptance to a point 1500 feet north-westerly, or do or act anything in relation thereto. (Petition of Herbert I. Ellison and others.)

**Voted:** that this article be indefinitely postponed.

**Article 22.** To see if the Town will vote to accept a plot of land used as a part of East Walpole Square, bounded by Chestnut Street, Washington Street, land of the Home Building Company, Inc., of Walpole, Mass. and land now or formerly of the Old Colony Railroad, or do or act anything in relation thereto. (Petition of Chester B. Heritage and others.)

**Voted:** that the Town accept a lot of land used as a part of East Walpole Square bounded and described as follows: Beginning at the

northeasterly corner of Washington Street and Chestnut Street thence S 57° 18' 15" E, eighty-eight and eighty-one hundredths (88.81) feet on Chestnut Street; thence N 79° 36' 00" E, thirty-six and sixty hundredths (36.61) feet on land of Bird & Son, Inc.; thence N 61° 57' 10" W, on hundred sixteen and eighty-nine hundredths (116.89) feet at land of the Home Building Company; thence S 29° 08' 45" W, fifteen and fifty-seven hundredths (15.57) feet on Washington Street, being a portion of land conveyed in deed of Charles S. Bird to the Home Building Company, Inc., by deed dated February 24, 1921 and recorded in Norfolk Registry of Deeds, Book 1481, Page 135. The name of said Walpole Home Building Co. having been later changed to the Home Building Co., Inc., Walpole, Mass.

Article 49. To see if the Town will vote to change from General Residence Zone to one family residence zone that portion of the East side of Pleasant Street from Union Street to Moose Hill Road, which is now General Residence Zone, or do or act anything in relation thereto.

Mr. Fitzhenry, Chairman of the Planning Board, reported that a public hearing had been held by the Planning Board on the subject matter of this article and the Planning Board recommends the change.

**Voted:** that the Town change from General Residence Zone to one family residence zone that portion of the East side of Pleasant Street from Union Street to Moose Hill Road, which is now General Residence Zone.

Affirmative 47

Negative None

Article 50. To see if the Town will vote to accept a portion of land as an addition to the Town Forest area, said portion to be donated by George A. Plimpton and described as follows: Beginning at a stake in the stone wall at land of Town of Walpole and Grantor, thence N 23° 36' 30", along said stone wall 246.36 feet to a point; thence N 68° 01' W, 442.50 feet to a stone bound; thence S 02° 05' W, 245 feet to a point, thence S 64° 53' E, 352 feet to the point of beginning. Said parcel is shown on a plan entitled "Plan of land of George A. Plimpton to be deeded to the Town of Walpole, dated December 3, 1934 and drawn by F. F. Libby, Town Engineer, or do or act anything in relation thereto.

**Voted:** that the Town accept a portion of land as an addition to the Town Forest Area, said portion being donated by George A. Plimpton and described as follows: Beginning at a stake in the stone wall at land of Town of Walpole and Grantor, thence N 23° 36' 30" E, along said stone wall 246.36 feet to a point; thence N 68° 01' W, 442.50 feet to a stone bound; thence S 02° 05' W, 245 feet to a point; thence S 64° 53' E, 352 feet to the point of beginning. Said parcel is shown on a plan entitled "Plan of land of George A. Plimpton to be

deeded to the Town of Walpole, dated December 3, 1934 and drawn by F. F. Libby, Town Engineer.

Article 54. Mr. Roundy, Chairman of the Selectmen, suggested that action on change of zoning asked for in this article be postponed until an adjournment of this meeting and it was so voted.

Article 55. To see if the Town will vote to grant permission to the Thomas H. Crowley Post, No. 104, American Legion to use the Blackburn Memorial Hall one night each week without charge, or do or act anything in relation thereto.

Voted: that the Town grant permission to the Thomas H. Crowley Post, No. 104, American Legion to use Blackburn Memorial Hall one night each week without charge.

Article 60. To see if the Town will vote to waive certain provisions of the Rules and Regulations of the Board of Survey relative to the acceptance of Greenwood Street, a private way sometimes known as "Glenwood Avenue," running from Main Street to East Street, or do or act anything in relation thereto. (Petition of the Reliance Lodge, I. O. O. F. No. 137, by H. A. Whiting.)

Voted: that the Town waive certain provisions of the Rules and Regulations of the Board of Survey relative to the acceptance of Greenwood Street a private way (Sometimes known as Glenwood Avenue) running from Main Street to East Street.

Article 61. To see if the Town will vote to request the Selectmen as a Board of Survey to lay out Greenwood Street, sometimes known as Glenwood Avenue, as a town way and report at a future town meeting. (Petition of the Reliance Lodge, I. O. O. F. No. 137, by Harry A. Whiting.)

Voted: to request the Selectmen as a Board of Survey to lay out Greenwood Street (sometimes known as Glenwood Avenue) as a town way and report at a future town meeting.

Voted: that this meeting be adjourned until Monday, February 18, 1935 at 7:30 P. M. in this Auditorium.

## STREET LIGHTING

A motion was made by Chairman of the Appropriation Committee that \$10,000 be raised and appropriated for Street Lighting which would necessitate reducing candle power of lights in centers of East Walpole, South Walpole and Walpole Centre and turning out of lights at 1 A. M.

An amendment to this motion was made by Mr. Jepson that \$13,957.00 be raised and appropriated for street lighting. A motion was offered by Mr. Hale as an amendment to Mr. Jepson's amendment that \$13,200 be appropriated for street lighting which would necessitate candle power of boulevard lights but would allow lighting to be continued all night.

On being put to a vote it was,

Voted: that the sum of \$13,200 be raised and appropriated for Street Lighting.

Article 10. To see if the Town will vote to instruct the Selectmen to provide for compensation under the Workmen's Compensation Act, for its laborers, workmen, and mechanics, firemen, police and other Town Employees receiving injury arising out of and in the course of their employment, raise and appropriate money therefor, or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$2,744.55 to provide compensation under the Workmen's Compensation Act for its laborers, workmen, and mechanics, firemen, police and all other town employees, receiving injury out of and in the course of their employment.

Article 11. To see if the Town will vote to raise and appropriate money to pay its proportionate share of the Norfolk County Hospital maintenance for the year 1934.

Voted: that the Town raise and appropriate the sum of \$4,180.59 to pay its proportionate share of the Norfolk County Hospital maintenance for the year 1934.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$2000.00 for the employment of a District Nurse, or other nurses, or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$2,000.00 for the employment of a District Nurse, or other nurses.

Article 13. To see if the Town will vote to raise and appropriate a sum of money for the proper observance of Firemen's Memorial Sunday in accordance with Section 5, Chapter 40 of the General Laws (Ter. Ed.), or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$10.00 for the proper observance of Firemen's Memorial Sunday in accordance with Section 5, Chapter 40, General Laws.

Article 14. To see if the Town will vote to raise and appropriate a sum of money for the Thomas H. Crowley Post, No. 104, American Legion, to be used for Memorial Day exercises including the decoration of graves of all Soldiers and Sailors of Walpole, or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$225.00 for the Thomas H. Crowley Post, No. 104, American Legion, to be used for Memorial Day exercises including the decoration of graves of all Soldiers and Sailors of Walpole.

Article 15. To see if the Town will vote to continue the Dental Clinic in the Schools of Walpole, raise and appropriate money therefor, or do or act anything in relation thereto.

**Voted:** that the Town raise and appropriate the sum of \$1,670.00 for the continuation of the Dental Clinic in the Schools of Walpole, said sum to be apportioned as follows:

Dentist and Assistant:

Salaries .....	\$1,440.00	
Expenses .....	230.00	
		<hr/> 1,670.00

**Article 16.** To see if the Town will vote to raise and appropriate a sum of money for the employment of a Dental Hygienist, or do or act anything in relation thereto.

A motion was made by the Chairman of the Appropriation Committee that \$1,200.00 be raised and appropriated for the employment of a Dental Hygienist. An amendment to this motion was made by Dr. William H. Maguire, Health Officer that the amount be changed from \$1,200 to \$1,425 but on being put to vote the result was affirmative 102 and negative 116. The Moderator declared that the motion was not carried.

Action on the original amount was then taken up and it was, **Voted:** that the Town raise and appropriate the sum of \$1,200.00 for the employment of a Dental Hygienist.

**Article 17.** To see if the Town will vote to instruct the Health Department to collect and dispose of garbage from the Inhabitants of the Town, raise and appropriate money therefor, or do or act anything in relation thereto.

**Voted:** that the Town instruct the Health Department to collect and dispose of garbage from the Inhabitants of the Town and that the Town raise and appropriate the sum of \$2,500.00 to pay for the same.

**Article 18.** To see if the Town will vote to appropriate from the receipts of the Water Department to the Water Department for maintenance, construction and retirement of any or all of its bonds and notes and interest payable in 1935 a sum of money sufficient therefor, in accordance with Chapter 396 of the Acts of 1928, or do or act anything in relation thereto.

**Voted:** that the Town raise and appropriate for the Water Department, General Expenses, and Interest and Debt a sum not to exceed \$41,287.50, and take same from Revenue of Water Department and for Water Department Available Surplus, in accordance with Chapter 396 of the Acts of 1928, divided as follows:

Service Department .....	\$10,679.00
Pumping Station and Grounds and Insurance .....	9,121.00
Interest and Debt. ....	21,487.50
	<hr/> \$41,287.50

**Article 19.** To see if the Town will vote to authorize the Selectmen to make a minimum charge of \$1.00 for water used at Francis William Park, a public park in East Walpole, during the year 1934 and raise and appropriate a certain sum of money to pay the difference between said minimum charge of \$1.00 and the bill rendered by the Water Department for the year 1934 to Francis William Park, or do or act anything in relation thereto. (Petition of Chester B. Heritage and others.)

**Voted:** that the Town instruct the Selectmen to make a minimum charge of \$1.00 for the water used at Francis William Park, East Walpole, during the year 1934 and raise and appropriate the sum of \$293.84 to pay the difference between said minimum charge of \$1.00 and bill rendered by the Water Department for the year 1934 to the Francis William Park.

**Article 23.**

The Chairman of the Appropriation Committee explained that inasmuch as \$1,000 had been raised and appropriated under this article at the town meeting held February 18, 1935, the amount to be voted for at this meeting would be changed from \$18,000 to \$17,000.

**Voted:** that the Town raise and appropriate a sum of \$17,000.00 for a Federal Relief Administration Account, covering cost of materials and administration, with permission to use said appropriation or any portion thereof, for the relief of the unemployed, if the Emergency Relief Administration is discontinued.

**Article 24.** To see if the Town will vote to raise and appropriate or transfer a sum of money to build and repair Congress Street from Main Street southeasterly approximately 900 feet, or do or act anything in relation thereto.

**Voted:** that the Town raise and appropriate the sum of \$1,100.00 to build and repair Congress Street from Main Street southeasterly approximately 900 feet.

**Article 25.** To see if the Town will vote to raise and appropriate or transfer a sum of money to build Federal Street from Main Street southeasterly approximately 875 feet, or do or act anything in relation thereto.

**Voted:** that the Town raise and appropriate the sum of \$1,000.00 to build Federal Street Southeasterly approximately 875 feet.

**Article 26.** To see if the Town will vote to raise and appropriate or transfer a sum of money to rebuild Sumner Street, from Coney Street to the Walpole-Norwood Town line, or do or act anything in relation thereto.

**Voted:** that this article be indefinitely postponed.

Article 27. To see if the Town will vote to raise and appropriate or transfer a sum of money to rebuild Washington Street from the Neponset River to Short Street, or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$7,400.00 to rebuild Washington Street from the Neponset River to Short Street, or any portion thereof.

Article 28. To see if the Town will vote to raise and appropriate or transfer a sum of money to rebuild East Street from Elm Street to Main Street or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$3,000.00 to rebuild East Street from Elm Street to Main Street.

Article 29. To see if the Town will vote to raise and appropriate or transfer a certain sum of money to rebuild Norfolk Street from Main Street to West Street, or any portion thereof, or do or act anything in relation thereto.

Voted: that this article be indefinitely postponed.

Article 30. To see if the Town will vote to raise and appropriate or transfer a sum of money to rebuild Spear Avenue from North Street to Main Street or do or act anything in relation thereto.

Voted: that this article be indefinitely postponed.

Article 31. To see if the Town will vote to raise and appropriate or transfer a sum of money for the payment of land damages to abutters on account of the survey and relocation of Norfolk Street, or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$29.00 for the payment of land damages to abutters on account of the survey and relocation of Norfolk Street.

Article 32. To see if the Town will vote to raise and appropriate or transfer the sum of \$8,000.00 for General Highway Maintenance for the relief of the unemployed or do or act anything in relation thereto.

Voted: that this article be indefinitely postponed.

Article 33. To see if the Town will vote to raise and appropriate or transfer the sum of \$1,000.00 for the development of Memorial Park for the relief of the unemployed, or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$500.00 for the development of Memorial Park for the relief of the unemployed.

Article 34. To see if the Town will vote to cut the brush along the various highways of the Town, raise and appropriate money therefor, or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$500.00 to cut the brush along the various highways of the Town.

Article 35. To see if the Town will vote to raise and appropriate or transfer a certain sum of money to install two street lights on Gould Avenue, one street light on Federal Street and one street light on Congress Street, or do or act anything in relation thereto.

Voted: that this article be indefinitely postponed.

Article 36. To see if the Town will vote to build a curbing around the second Common a distance of about 1,000 feet, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of Planning Board.)

Article 37. To see if the Town will vote to build a cement concrete sidewalk on the northeasterly side of Washington Street, from Bird & Son, Inc., Driveway to the Norwood Line, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of Planning Board.)

Article 38. To see if the Town will vote to build a cement concrete sidewalk on Charles Street, from Common Street to a point approximately 400 feet northeasterly, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of Planning Board.)

Article 39. To see if the Town will vote to build a cement concrete sidewalk on the southerly side of Beacon Street, from Common Street to a point approximately 400 feet northeasterly, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of Planning Board.)

Article 40. To see if the Town will vote to build a cement concrete sidewalk on the westerly side of North Main Street from Bullard Street southerly a distance of about 1,000 feet, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of Planning Board.)

Article 41. To see if the Town will vote to build a cement concrete sidewalk on the northerly side of Park Lane from Pleasant Street to the residence of Paul Guttormsen, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of Planning Board.)

Article 42. To see if the Town will vote to build a cement concrete sidewalk on the southerly side of Union Street from Fuller Avenue to present sidewalk in front of the residence of Axel Anderson and thence to Pleasant Street, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of Planning Board.)

Article 43. To see if the Town will vote to build a cement concrete sidewalk on the southeasterly side of Clapp Street from Common Street to Stone Street, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of Planning Board.)

Article 44. To see if the Town will vote to build a cement concrete sidewalk on the southerly side of East Street from Main Street to School Street, raise and appropriate money therefor, or do or act anything in relation thereto. (Planning Board.)

Article 45. To see if the Town will vote to build a cement concrete sidewalk on the westerly side of Summer Street from end of present sidewalk to Winter Street, raise and appropriate money therefor, or do or act anything in relation thereto. (Planning Board.)

Article 46. To see if the Town will vote to build a cement concrete sidewalk on the southerly side of Stone Street from a point in front of the residence of Fred Pierce easterly 600 feet, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of Fred Pierce and Others.)

On motion made and seconded, it was Voted: that articles 36, 37, 38, 39, 40, 41, 42, 43, 44, 45 and 46 be indefinitely postponed.

Article 47. To see if the Town will vote to raise and appropriate or transfer the sum of \$1,543.00 to restore the 10% reduction for school transportation, or do or act anything in relation thereto. (Petition of Fred W. Pierce and Others.)

Voted: that the Town raise and appropriate the sum of \$1,543.00 for school transportation in addition to the amount included in School Department expenses under Article 9.

Article 48. To see if the Town will vote to raise and appropriate a certain sum of money to replace a 1925 Mack Truck in the Highway Department, or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$5,700.00 to replace a 1925 Mack Truck in the Highway Department.

Article 51. To see if the Town will vote to raise and appropriate a certain sum of money for sewer connections on Main Street, June Street, Common Street and Greenwood Street, sometimes known as Glenwood Avenue, or do or act anything in relation thereto.

Voted: that this article be indefinitely postponed.

Article 52. To see if the Town will vote to raise and appropriate or transfer a certain sum of money to construct lateral sewers on Chestnut Street, Union Street from Chestnut Street to Fuller Avenue and Walcott Avenue from Union Street to Rhoades Avenue, or do or act anything in relation thereto. (Petition of Axel H. Anderson and Others.)

Voted: that this article be indefinitely postponed.

Article 53. To see if the Town will vote to appropriate from the receipts of the Sewer Department to the Sewer Department a sum of money sufficient for service connections and maintenance, or do or act anything in relation thereto.

Voted: that the Town raise and appropriate for the Sewer Department Service Connections and Maintenance a sum not to exceed \$4,000.00, and take same from the receipts of the Sewer Department and/or the Sewer Assessment and Sewer Connection accounts.

Article 56. To see if the Town will vote to raise and appropriate a sum of money for the publication and distribution of the quinquennial valuation of estates for 1935 as made by the Assessors in accordance with Section 7 of Article 5 of the Town By-Laws. (Petition of the Board of Assessors.)

Voted: that the Town raise and appropriate the sum of \$500.00 for the publication and distribution of the quinquennial valuation of estates for 1935 as made by the Assessors in accordance with Section 7 of Article 5 of the Town By-Laws.

Article 57. To see if the Town will vote to raise and appropriate the sum of \$200.00 for the purchasing and installing of a new safe in the office of the Town Treasurer and Town Clerk, or do or act anything in relation thereto.

Voted: that the Town raise and appropriate the sum of \$200.00 for the purchase and installation of a new safe in the office of the Town Treasurer and Town Clerk.

Article 58. To see if the Town will vote to extend its six inch water main on Pemberton Street from end of the present main 1,500 feet northwesterly, the same to be laid subject to a six per cent guarantee, or do or act anything in relation thereto. (Petition of Herbert I. Ellison and Others.)

Voted: that this article be indefinitely postponed.

Article 59. To see what disposition the Town will make of the following balances, that have been on the books for two or more years and the work completed or other plans made:

Harriette Nevins Memorial Fountain	
Fund .....	\$179 49
Survey of Buildings for Tax	
Assessments .....	182 30
Marking Graves of War Veterans.....	87 02
Drainage of Glenwood Avenue	
(Voted Feb. 28, 1926).....	300 00
Police Dept. New Cars and Radios.....	45 87

Motion made that the sum of \$794.68 covering the following unexpended balances be transferred to the Excess and Deficiency account:

Harriette Nevins Memorial Fountain Fund .....	\$179.49
Survey of Buildings for Tax Assessments .....	182.30
Marking Graves of War Veterans.....	87.02
Drainage of Glenwood Avenue (Voted Feb. 28, 1926) .....	300.00
Police Dept. New Cars and Radios .....	45.87
	<hr/> \$794.68

T. Edward Kannally objected to the transfer of balance of \$300.00 (Drainage of Glenwood Avenue) to the Excess and Deficiency.

On being put to a vote, the motion was voted in the negative.

On motion made and seconded, it was Voted: that the Town appropriate by transfer the sum of \$312.38 for the purchase of chairs for Blackburn Memorial Hall as follows:

Harriett Nevins Memorial Fountain Fund.....	\$179.49
Marking Graves of War Veterans .....	87.02
Police Dept. (New Cars and Radios).....	45.87

On motion made and seconded, it was Voted: that the sum of \$182.30 be transferred from Article 59 under "Survey of Buildings for Tax Assessments" to the expense account of the Board of Assessors.

Article 54. To see if the Town will amend the Zoning By-Laws of the Town of Walpole by adding a new paragraph (e) under "General Provisions, Section 15, Non Conforming Uses" of said Zoning By-Laws, as follows:

(e) "A permit for the commercial removal of sand, gravel, or loam, or for the operation of a commercial sand and gravel pit shall require as a condition that after completion of the operations the land shall be left in a condition no less valuable for development and use than it was before the commencement of operations. There shall be filed with each application for such permit a plan or map prepared at the expense of the applicant showing the existing contours of the land and the contours as they are proposed after the completion of the operations. Such plan or map must be accurately drawn and shall contain sufficiently complete information to make the physical characteristics clear. No permit shall be issued until a plan is filed with and approved by the Selectmen. No applicant shall carry on operations below such a grade as may be fixed by the Selectmen without on each occasion obtaining permission of the Selectmen, but a tolerance of six inches more or less shall be permitted during or at the termination of operations. A permit issued hereunder for the removal of sand, gravel or loam shall state the time within which work is to be finished and the land graded, but the Selectmen may for cause

and without consent of any surety extend the permit from time to time. The Selectmen may require a bond in a sufficient penal sum with sufficient surety or sureties conditioned on the performance of these regulations and the conditions of the permit," or do or act anything in relation thereto. (Petition Planning Board.)

Moved and seconded, that the Zoning By-Laws of the Town of Walpole shall be and hereby are amended by adding a new paragraph (e) under "General Provisions, Section 15, Non Conforming uses" of said Zoning By-Laws, as follows: (e) "A permit for the commercial removal of sand, gravel or loam, or for the operation of a commercial sand and gravel pit shall require as a condition that after completion of the operations the land shall be left in a condition no less valuable for development and use than it was before the commencement of operations. There shall be filed with each application for such permit a plan or map prepared at the expense of the applicant showing the existing contours of the land and the contours as they are proposed after the completion of the operations. Such plan or map must be accurately drawn and shall contain sufficiently complete information to make the physical characteristics clear. No permit shall be issued until such a plan is filed with and approved by the Selectmen. No applicant shall carry on operations below such a grade as may be fixed by the Selectmen without on each occasion obtaining permission of the Selectmen, but a tolerance of six inches more or less shall be permitted during or at the termination of operations. A permit issued hereunder for the removal of sand, gravel or loam shall state the time within which work is to be finished and the land graded, but the Selectmen may for cause and without consent of any surety extend the permit from time to time. The Selectmen may require a bond in a sufficient penal sum with sufficient surety or surties conditioned on the performance of these regulations and the conditions of the permit."

Affirmative 21

Negative 73

The Moderator declared that it was not a vote.

On motion made and seconded, it was Voted: to take up Article 7.

Article 7. On motion made and seconded, "That the Thomas H. Crowley Post, No. 104, American Legion, be given the exclusive right to the use of the quarters designed for them in the Blackburn Memorial Building," it was voted in the negative.

Voted: that this meeting be dissolved.

A true copy. Attest:

KATHERINE J. HIGGINS,

Town Clerk of Walpole

## SPECIAL TOWN MEETING

June 24, 1935

The Warrant was issued by the Selectmen, under date of June 24, 1935 and was signed by Charles P. Roundy, Willis D. McLean, Thomas B. Ahearn, David W. Kelley, and William F. Sline, Sr., Selectmen of Walpole. The proper service of the Warrant was attested by Levi S. Thompson, Constable of Walpole.

All the requirements of the Statutes and By-Laws relating to Town Meetings were complied with.

Pursuant to the warrant a Special Town Meeting was called to order at 8:00 P. M. June 24, 1935 by Henry W. Caldwell, Moderator.

The articles in the aforesaid Warrant were taken up and the action thereunder follow:

On motion made and seconded, it was

Voted: to waive the reading of the warrant.

Article 1. To raise and appropriate or transfer such sums of money as may be necessary to defray the expenses of the Town for the balance of the municipal year.

Voted: that the Town transfer the Dog Tax for the year 1934, amounting to \$1,153.92, to the School Department.

Article 2. To hear and act on the report of any Committee, or to choose any Committee the Town may think proper, and transact any other business that may legally come before the Town.

Mr. William McNaught, of the Committee on the New School, reported that his Committee had considered plans for a new building to cost about \$200,000 with the plan of having the Junior High School included in this new building in order to relieve the present congestion at the High School. He stated that the Town could receive a grant of \$90,000 from the Federal Government and a loan of \$110,000 at 3% or 4% approximately.

On motion made and seconded, it was

Voted: that it is the sense of this meeting that the Committee on the New Schools be instructed to investigate further and present plans for a building at a future special town meeting for definite action by the Town.

Article 3. To see if the Town will vote to change from General Residence Zone to Mercantile Zone the following described premises of Peter W. Peterson or to so change any part thereof: Beginning at a point 85:0 and N 42° 23' 05" E, from an intermediate State Highway Bound at Station 60 on the southeasterly side of the new State Highway (Route 1) thence N 42° 23' 05" E, 400 feet to a point, thence S 47° 36' 55" E, 100 feet to a point, thence S 42° 23' 05" W, 400 feet to a

point, thence N 47° 36' 55" W, to the point of beginning. (Petition of Peter W. Peterson and Others.)

Mr. Sheehan of the Planning Board reported that the Planning Board had held a hearing on the change of zone from General Residence to Mercantile Zone at the premises of Peter W. Peterson on the New State Highway as described in this article but the Board did not recommend this change. He stated that the Planning Board had made a layout for business in different sections of this highway but did not recommend a change to mercantile zone at the premises of Mr. Peterson.

Walter Meyer and Chester L. Donnell were appointed Tellers by the Moderator and sworn into office.

On motion made and seconded, it was

**Voted:** that the Town change from General Residence Zone to Mercantile Zone the following described premises of Peter W. Peterson or to so change any part thereof: Beginning at a point 85:0 and N 42° 23' 05" E, from an intermediate State Highway Bound at Station 60 on the southeasterly side of the new State Highway (Route 1) thence N 42° 23' 05" E, 400 feet to a point, thence S 47° 36' 55" E, 100 feet to a point, thence S 42° 23' 05" W, 400 feet to a point, thence N 47° 36' 55" W, to the point of beginning.

Affirmative 46

Negative 11

The Moderator declared that the motion was carried.

**Article 4.** To see if the Town will vote to accept a report of the Board of Selectmen, acting as a Board of Survey, relative to the acceptance of Glenwood Ave., from Main Street to East Street, as per plan and profile by F. F. Libby, Town Engineer, dated March 21, 1935. (Petition of Marshall H. Grant and Others.)

**Voted:** that the Town accept the report of the Board of Selectmen, acting as a Board of Survey, relative to the acceptance of Glenwood Avenue, from Main Street to East Street, as per plan and profile by F. F. Libby, Town Engineer, dated March 21, 1935.

**Article 5.** To see if the Town will vote to accept a report of the Board of Selectmen, acting as a Board of Survey, relative to the acceptance of Park Lane from Coney Street to the point already accepted, as shown on plan by E. Worthington, Engineer, dated September 22, 1930.

**Voted:** that the Town accept Park Lane from Coney Street to the point already accepted, as laid out by the Board of Selectmen, acting as a Board of Survey.

**Article 6.** To see whether it is the sentiment of the Town that the Board of Selectmen should grant permits for tuberculosis sanitariums

anywhere within the Town without first ascertaining the views of a Town Meeting. (Petition of John J. Fitzhenry and Others.)

Voted: that it is the sense of this meeting that whenever the Board of Selectmen receive applications for permits for tuberculosis sanitariums anywhere within the Town of Walpole, it is to the best interests of the Town that the Board should, before granting any such permits, submit the question to a Town Meeting for an expression of opinion by the citizens.

Article 7. To see if the Town will vote to build a cement concrete sidewalk on the southerly side of East Street from School Street westerly to Memorial Park, raise and appropriate or transfer money therefor or do or act anything in relation thereto. (Petition of Thomas Peatfield and Others.)

Voted: that this article be indefinitely postponed.

Article 8. To see if the Town will vote to resurface Hoover Road, raise and appropriate or transfer money therefor or do or act anything in relation thereto. (Petition of Nils Grahn and Others.)

Voted: that this article be indefinitely postponed.

Article 9. To see if the Town will vote to appropriate by transfer the following amounts or any portion thereof for materials for the construction of the Diamond Outlet: \$34.33 Sewer Maintenance Account; \$115.00 Survey Plans, Lateral Sewers on Washington and Plimpton Streets; \$37.14 Sewer Connections, East Street; \$1,241.66 Sewer Connections Washington Street; (Total \$1,428.33) or do or act anything in relation thereto.

Voted: that the Town transfer the following amounts for materials for the construction of the Diamond Outlet: \$34.33 from Sewer Maintenance Account; \$115.00 from Survey Plans, Lateral Sewers on Washington and Plimpton Streets; \$37.14 from Sewer Connections, East Street; \$1,241.66 from Sewer Connections, Washington Street (Total of \$1,428.13.)

Article 10. To see if the Town will authorize the Board of Sewer Commissioners to construct a sewer lateral on Riverside Place from Common Street to a point approximately 450 feet from said street, raise and appropriate or transfer money therefor or do or act anything in relation thereto.

Mr. Roundy, Chairman of Selectmen, explained that the labor necessary to do the work proposed under this article would no doubt be taken care of by an E. R. A. project and that the Town had sufficient funds to supply the materials necessary.

On motion made and seconded, it was

Voted: that the Town authorize the Board of Sewer Commissioners to construct a sewer lateral on Riverside Place from Common Street to a point approximately 450 feet from said street.

Voted: that this meeting be dissolved.

A true copy. Attest:

KATHERINE J. HIGGINS,

Town Clerk of Walpole

---

### SPECIAL TOWN MEETING

October 14, 1935

The Warrant was issued by the Selectmen, under date of September 28, 1935 and was signed by Charles P. Roundy, Willis D. McLean, David W. Kelley, William F. Sline, Sr. Thomas B. Ahearn, Selectmen of Walpole. The proper service of this Warrant was attested by Levi S. Thompson, Constable of Walpole.

All of the requirements of the Statutes and By-Laws relating to Town Meetings were complied with.

Pursuant to the foregoing warrant, a meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, was held in the Auditorium of the High School in said Walpole on Monday, the fourteenth day of October, 1935 at 8:00 o'clock P. M.

The meeting was called to order at 8:00 P. M. by Henry W. Caldwell, Moderator.

Voted: to waive the reading of the warrant.

Article 1. To hear and act on the report of any Committee, or to choose any Committee the Town may think proper and transact any other business that may legally come before the Town.

Under this article Mr. T. H. Bateson, Chairman on Committee on New School Building, made a report of progress.

Article 2. To see if the Town will vote to change from single residence to business district the following described premises of H. Lewis Banks, or to so change any part thereof; Beginning at the intersection of Main and Front Streets, thence northwesterly by Front Street sixty-one and fifty-eight hundredths (61.58) feet; thence southwesterly by land of the late S. Clapp by two lines measuring two hundred fifty-two and sixty-six hundredths (252.66) feet and fifty and eighty-four hundredths (50.84) feet respectively; thence southeasterly by land of Charles Norden one hundred forty-five and ninety-one hundredths (145.91) feet; thence northeasterly by Main Street, two hundred fifty-two and forty hundredths (252.40) feet to

the point of beginning. Said Main Street and intersection is shown on a plan entitled "Plan of Portion of Main Street from Front Street to State Highway as established by the County Commissioners of Norfolk County, March 14, 1916. (Petition of H. Lewis Banks).

Mr. J. J. Fitzhenry of the Town Planning reported that the Planning Board had held a hearing on the change of zone from single residence to business district in the premises of H. Lewis Banks as described in article 2 of the warrant. Mr. Fitzhenry reported that the Planning Board recommended this change of zone.

Frank N. Spear and Willis H. Hoyt were appointed Tellers and sworn by the Moderator.

On motion made and seconded, it was

Voted: that the Town change from single residence to business district the following described premises of H. Lewis Banks, or to so change any part thereof: Beginning at the intersection of Main and Front Streets thence northwesterly by Front Street sixty-one and fifty-eight hundredths (61.58) feet; thence southwesterly by land of the late S. Clapp by two lines measuring two hundred fifty-two and sixty-six hundredths (252.66) feet and fifty and eighty-four hundredths (50.84) feet respectively; thence southeasterly by land of Charles Norden one hundred forty-five and ninety-one hundredths (145.91) feet; thence northeasterly by Main Street, two hundred fifty-two and forty hundredths (252.40) feet to the point of beginning. Said Main Street and intersection is shown on a plan entitled "Plan of Portion of Main Street from Front Street to State Highway as established by the County Commissioners of Norfolk County, March 14, 1916.

Affirmative 91

Negative (0) none

The Moderator declared that the motion was carried.

Article 3. To see if the Town will vote to transfer the unexpended balance of \$998.80 for the purchase of a new truck to replace a 1925 Dodge truck, said sum being the unexpended balance from an appropriation of \$5,700.00 raised and appropriated under Article 48 of the adjourned Town Meeting March 4, 1935, or do or act anything in relation thereto.

Voted: that the Town transfer the sum of \$998.80 for the purchase of a new truck to replace a 1925 Dodge Truck, said sum being the unexpended balance from an appropriation of \$5,700.00 raised and appropriated under Article 48 of the adjourned Town Meeting of March 4, 1935.

Article 4. To see if the Town will vote to raise and appropriate or transfer the following amounts from the following accounts or any portion therefor: \$61.10 balance in the Engineer's car account; \$7.00 from the Gill Street Survey account; total \$68.10 to the Award

of Land Damages for the relocation of East Street, or do or act anything in relation thereto.

**Voted:** that the Town transfer the following amounts from the following accounts: \$61.10 balance in the Engineer's Car account; \$7.00 from the Gill Street Survey Account, total \$68.10, to the Award of Land Damages for the relocation of East Street.

**Article 5.** To see if the Town will vote to raise and appropriate a sum of money for the purpose of financing the construction of lateral sewers on Chestnut Street, Union Street, Walcott Avenue and Rhoades Avenue, also the rebuilding on Chestnut, Union Street, Walcott Avenue, Rhoades Avenue and Common Street, said construction being shown on plans by E. Worthington, Engineer, and authorize and direct the Selectmen to accept on behalf of the Town, for use in carrying out said project, a Federal grant of money pursuant to the Emergency Relief Appropriation Act of 1935; and authorize the Selectmen to construct said project and contract with respect thereto; and authorize the Treasurer, with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made or do or act anything in relation thereto.

Before action was taken by the Town on this article, Mr. Richard Higgins, Chairman of the Appropriation Committee, reported that the subject matter of this article had been considered by the Appropriation Committee and the Committee had voted unanimously to recommend that the Town at this meeting authorize the Treasurer to borrow the sum of \$58,000.00 and to issue bonds or notes of the Town in that amount under the authority of and in accordance with the provisions of Chapter 404 of the Acts of 1935, to enable the Town to secure the benefits of the Emergency Relief Appropriation Act of 1935.

Mr. J. J. Easton, Mr. Henry Miller and Mr. Fitzhenry inquired about the wages to be paid and asked as to the employment of Walpole citizens on this work.

Mr. Roundy, Chairman of the Selectmen and Mr. Libby, Town Engineer, answering all questions as to wages and employment of citizens and explained fully how if this article was voted it would affect the employment situation in Walpole.

**Voted:** that, for the purpose of financing the construction of lateral sewers on Chestnut Street, Union Street, Walcott Avenue and Rhoades Avenue, also the rebuilding of Chestnut Street, a portion of Union Street a portion of Walcott Avenue, Rhoades Avenue and a portion of Common Street and to enable the Town to secure the benefits of the Emergency Relief Appropriation Act of 1935, there be raised and appropriated the sum of \$100,660.00 and the Treasurer, with the approval of the Selectmen, be and hereby is authorized to

borrow the sum of \$58,000.00 and to issue bonds or notes of the Town herefor, under authority of and in accordance with the provisions of Chapter 404 of the Acts of 1935, said bonds or notes to be payable in not more than five years at such term and maximum rate of interest as may be fixed by the Emergency Finance Board.

All moneys received by way of grant from the Federal Government on account of this project shall be applied first to meet the cost of construction thereof (including preliminary expenses), and any balance thereof shall be applied to payment of the loan herein authorized.

The Selectmen are hereby authorized and directed to accept on behalf of the Town, for use in carrying out such project a Federal Grant of money pursuant to the Emergency Relief Appropriation Act of 1935, and the Selectmen are authorized to proceed with the construction of said project and enter into all necessary and proper contracts and agreements in respect thereto, all subject to applicable Federal regulations; and the Selectmen are authorized to do all other acts and things necessary or convenient for obtaining said grant, for making said loan, and for construction of said project.

Affirmative 83

Negative 5

The Moderator declared that the motion was carried.

Article 6. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to raise and appropriate by borrowing an amount not to exceed \$2,500.00 for Welfare, Soldiers' Relief, Emergency Relief Administration and Works Progress Administration projects in accordance with the provisions of Chapter 188 of the Acts of 1935 as amended, or do or act anything in relation thereto.

Voted: that the Town authorize the Treasurer, with the approval of the Selectmen, to borrow an amount not to exceed \$2,500.00 for a period not to exceed five years, for Welfare, Soldiers' Relief, Emergency Relief Administration and Works Progress Administration projects in accordance with Chapter 188 of the Acts of 1935 as amended.

Affirmative 81

Negative 1

The Moderator declared that the motion was carried.

Voted: at 9:35 P. M. that this meeting be dissolved. ,

HARRY A. WHITING,

Assistant Town Clerk of Walpole.

## SPECIAL TOWN MEETING

December 20, 1935

The Warrant was issued by the Selectmen under date of December 12, 1935 and was signed by Charles P. Roundy, Willis D. McLean, William F. Sline, Sr., David W. Kelley and Thomas B. Ahearn. The proper service of the warrant was attested by Levi S. Thompson, Constable of Walpole.

All of the requirements of the Statutes and By-Laws relating to Town Meetings were complied with.

Pursuant to the foregoing warrant, a meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and Town Affairs, was held in the Auditorium of the High School in said Walpole, on Friday, the twentieth day of December, 1935 at 8:00 o'clock P. M.

On motion made and seconded, it was

Voted: to waive the reading of the warrant.

Article 1. To hear and act on the report of any Committee, or to choose any Committee, the Town may think proper and transact any other business that may legally come before the Town.

On motion made by John Bock, Temporary Chairman of the Appropriation Committee, and seconded, it was Voted: to accept the recommendations of the Appropriation Committee as motions at this meeting.

Article 2. To see if the Town will vote to raise and appropriate by transfer the sum of \$600.00 from the Water Surplus Account to the Water Department Account, or do or act anything in relation thereto.

Voted: that the Town transfer the sum of \$600.00 from the Water Surplus Account to the Water Department Account.

Article 3. To see if the Town will vote to raise and appropriate by transfer the following amounts from the following accounts or any portion thereof:

\$144.65	Garbage Collection Account
5.00	Assessors Value of Estates Account
<hr/>	
\$149.65	

to the Street Lighting Account, or do or act anything in relation thereto.

Voted: that the Town transfer the following amounts from the following accounts:

\$144.65	Garbage Collection Account
5.00	Assessors Value of Estates Account
<hr/>	
\$149.65	

to the Street Lighting Account.

Article 4. To see if the Town will vote to raise and appropriate by transfer the sum of \$350.00 or any portion thereof, from the Health Department Account to the General Highway Account, or do or act anything in relation thereto.

Voted: that the Town transfer the sum of \$350.00 or any portion thereof, from the Health Department Account to the General Highway Account.

Article 5. To see if the Town will vote to raise and appropriate by transfer the sum of \$120.00 from the Forest Fire Expense Account to the Fire Department Expense Account, or do or act anything in relation thereto.

Voted: that the Town transfer the sum of \$118.18 from the Forest Fire Expense Account to the Fire Department Expense Account.

Article 6. To see if the Town will vote to raise and appropriate by transfer the sum of \$400.00 from the Interest Account for the replacement of a 1932 Chevrolet "Pick-up Truck," or do or act anything in relation thereto.

Motion made by the Appropriation Committee, "That this article be indefinitely postponed." Mr. Bock stated that the Appropriation Committee did not approve of buying capital items (such as was asked for in this article) at this time of the year but that article for such should be inserted in the annual town meeting warrant.

On being put to a vote, the motion was voted in the negative.

A substitute motion was presented by Mr. Roundy, Chairman of the Selectmen, "That the Town raise and appropriate the sum of \$400.00 from the Interest Account for the replacement of a 1932 Chevrolet "Pick-Up Truck."

On being put to a vote, it was

Voted: that the Town raise and appropriate by transfer the sum of \$400.00 from the Interest Account for the replacement of a 1932 Chevrolet "Pick-Up Truck."

Article 7. To see if the Town will vote to raise and appropriate by transfer the following amounts from the following accounts or any portion thereof:

\$43.00	Gill Street Survey Account
14.73	Memorial Day Account
15.00	Care of Soldiers' Graves Account
5.29	Repairs to Wells Account

2732.00	Interest Account
250.00	Health Department
37.00	Other Finance Offices Account
15.00	Town Clock Account
350.00	Soldiers' Relief

---

Total      \$3462.02

to the Works Progress Administration Material and Administration Account or do or act anything in relation thereto.

Voted: that the Town transfer the following amounts from the following accounts:

\$43.00	Gill Street Survey Account
14.73	Memorial Day Account
15.00	Care of Soldiers' Graves Account
5.29	Repairs to Wells Account
2732.00	Interest Account
250.00	Health Department
37.00	Other Finance Offices Account
15.00	Town Clock Account
350.00	Soldiers' Relief Account

---

Total      \$3,462.02

to the Works Progress Administration Material and Administration Account.

Article 8. To see if the Town will vote to raise and appropriate by transfer the sum of \$100.00 or any portion thereof, from the Planning Board account to the Repairs for Public Buildings Account, or do or act anything in relation thereto.

Voted: that the Town transfer the sum of \$100.00 from the Town Planning Board account to the Repairs for Public Buildings Account.

Voted: that this meeting be dissolved.

### SPECIAL TOWN MEETING

December 30, 1935

The Warrant was issued by the Selectmen under date of December 21, 1935 and was signed by Charles P. Roundy, Willis D. McLean, William F. Sline, Sr., Thomas B. Ahearn and David W. Kelley. The

proper service of the warrant was attested by Levi S. Thompson, Constable of Walpole.

All the requirements of the Statutes and By-Laws relating to Town Meetings were complied with.

Pursuant to the foregoing warrant, a meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and Town Affairs, was held in the Auditorium of the High School in said Walpole, on Monday, the Thirtieth day of December, 1935 at 8:00 o'clock P. M.

Article 1. To hear and act on the report of any Committee, or to choose any Committee the Town may think proper and transact any other business that may legally come before the Town.

Mr. Roundy, Chairman of the Selectmen, reported under this article that while this Town Meeting in accordance with the warrant had been called for a definite purpose, within the past fifteen minutes the matter relating to the property of the Walpole Factories, Inc., South St., Walpole had been settled as the property had been sold, thereby relieving the Town of Walpole of any responsibility in the matter. Mr. Roundy stated that the taxes would be paid, that the Collector would receive a check tomorrow.

Mr. Roundy stated he felt certain that the factory would be operated and employ Walpole people.

Article 2. To see if the Town will vote to accept a deed to the land and buildings thereon of the Walpole Factories, Inc., situated on South Street, Walpole, or do or act anything in relation thereto.

Voted: that this article be indefinitely postponed.

Article 3. To see if the Town will authorize and empower the Town Treasurer in the name and behalf of the Town to lease, lease with an option to buy, or sell and convey the land and buildings thereon, or any part thereof, situated on South Street, formerly owned by the Walpole Factories, Inc., and to sign, seal, acknowledge and deliver any and all papers necessary thereto, or do or act anything in relation thereto.

Voted: that this article be indefinitely postponed.

Mr. Roundy, Chairman of the Selectmen, paid tribute to Mr. Bradley Dewey of the Walpole Factories, Inc., for the fine spirit he has shown during his dealings with the Town in the matter for which this meeting was called.

Voted: that this meeting be dissolved.
